

STRANDED UNION PACIFIC TRAIN found drifting snow too much while trying to open up the Hill City branch line. The train was forced to halt some 10 miles northwest of Richfield. A few miles back down the line a rescue train was en route to the stranded train. The rescue train carries a rotary snow plow and "Jordan" spreader to clear the tracks. The stranded train is near a siding. The train became stranded yesterday. (Times-News aerial photo)

## Continued Storms Stall Train, Close School in 3 Areas

Transportation in Magic Valley was being hampered Friday as high winds and blizzard conditions continued across much of the northern area. A Union Pacific freight train became stranded Thursday about 11 miles northwest of Richfield when its two engines failed while trying to buck nine-foot snow drifts. Eight crewmen were stranded in the caboose overnight, but they had emergency rations and heat. A large rotary plow and rescue train was sent by the Union Pacific about 5 a.m. Friday and by noon part of the stalled train had been pulled into Richfield and it was expected the rest would be brought in soon.

Schools were closed again in both Richfield and Fairfield, but Blaine county schools, closed Thursday, were reported open. However, high winds and drifting were reported on the north side of the Minidoka project, forcing closing of all Minidoka county schools.

Two trucks collided north of Paul Friday morning hospitalizing one man. Officers said visibility was zero and the drivers were unable to see each other. George Harding, Burley, was taken to Cassia Memorial hospital, Burley, after the Burley Co-op Supply association truck he was driving crashed into a Simplot truck.

A snow plow had to open the route for sheriff's officers to reach the site. Harley Davidson, Minidoka highway district superintendent, said all snowplows were brought back to Rupert Friday morning because the road was filling faster than it could be plowed. He said he could not see over the banks on either side of the road while standing in the back of his pickup truck.

James Powell, who ranches one mile west of Richfield, reported \$500 damage to a 60-by-20-foot loading shed which collapsed during the night from the heavy snow.

He had 41 cows using the shed, but all but two escaped injury. One of the two animals may have to be killed. Powell said several of the other cows have scratches, indicating they were under the shed when the roof collapsed, but managed to get out.

Neither Mr. nor Mrs. Powell heard any noises during the night. They blamed the 10 to 12 inches of new snow on this week. Powell was assisted in removing debris from the two cows by Eugene Cox, LaRae Brown and Burr Atkins, neighboring farmers, who came to assist on tractors because roads are closed.

Richfield area roads were being plowed Friday by a Walter truck and plow the highway district has obtained from Pocatello.

This is the seventh day of school missed in Fairfield this winter. About two inches of new snow fell Thursday night but the sun was shining Friday morning. However, the wind still was blowing and roads on Camas prairie were drifting badly.

State highway 48 from Gooding to Fairfield was reported closed to traffic Friday morning by the state highway district office at Shoshone and highway 68, from Fairfield to Bellevue, also was closed to any but emergency travel.

Highway 93, both north and south of Twin Falls, is reported snow covered and slick. Light snowfall was reported in the Twin Falls area Thursday night.

Jerome schools were let out early Friday afternoon because of drifting in the rural area north of town. One shift of buses left at 1 p.m. and the second trip was to leave at 2 p.m.

Two men from the stranded train were able to walk to a ranch three-fourths of a mile from the train, which became stranded after nine to 14-foot snow banks toppled onto the tracks behind the train. At the ranch, owned by O. M. Capps, the two workers contacted Lamar Jones, Richfield railroad depot agent.

It reportedly took the two men four hours to walk through the snow to the ranch. The train was comprised of two engines, one with a plow, a box car and the caboose.

At Halley it was reported an Associated Grocers chain diesel truck en route from Pocatello to Halley went off the road between Carey and Gannett and arrived in Halley nearly eight hours late.

## Richfield Snowscape Makes Bleak Picture

By G. H. CHAMBERS

RICHFIELD, March 13 — Some 10 miles northwest of here a Union Pacific train carrying a large snowplow is stranded. A brisk wind out of the west closed the Hill City branch line, plugging the railroad right of way with snow. The Richfield-Dietrich-Fairfield area has been knee-deep to neck-deep in snow practically all winter. Highway crews have fought all winter to keep the roads open and passable. Now the rail line is drifting in. From the air the area around Richfield is a mass of white. Only the fences, trees and the scattered farm buildings break the white monotony. The roads are distinguishable only because the high drifts cast shadows to outline the roadbed.

The shiny ribbons of steel which normally mark the existence of a railroad are gone. Occasionally a black trestle reminds one where the right of way is located.

A second train with a rotary snowplow mounted on the front has been dispatched to rescue the train whose regular job is to maintain the schedule from around the switches to keep them open.

The second train has a rotary plow on the front and a "Jordan" spreader on the back. The spreader is used to widen the gap made by the rotary plow.

Small clusters of men work around the switches to keep them open and operating. The workers wave to the small plane circling overhead.

Beyond the stalled train the drifting snow gives the appearance that the branch line has been unused all winter.

The entire scene spells out what is meant by cold, wind and snow. It looks like the winters the old folks reminisce about.

## Educators Told to Increase Financing

POCATELLO, March 13 (AP) — The state superintendent of public instruction today called for a gross sales tax to increase the financial support for education in Idaho and to help meet what he called "six critical problems." D. F. Engelking urged the state board of education to take "immediate action" to accomplish whatever changes are needed in policy, organization and staffing to develop "a high quality educational program" in the state.

Engelking said the state should operate summer schools in areas of population concentration, open to all students in the state, to make more effective use of school plants.

He said other problems are a need for better trained teachers, better library facilities, more guidance personnel, a program of educational television and a program of vocational education and education beyond the high school.

The state should have six community junior colleges spread around the state, he said, supported one-third by state money, one-third by local taxing districts and one-third from tuition.

Engelking's broad statement on educational needs came after a closed session by the board Thursday devoted to the same questions.

"The cost of the present program of education will increase tremendously over the next few years simply because of the increasing number of young people in our population," said Engelking.

"Public elementary and secondary education can be served best in Idaho by a permanent broad-purpose support for our schools, rather than by the limited emergency special bills of taxation that we now have."

Engelking said a tax "upon the gross sales of our productive capacity" should share the burden. See EDUCATORS, Page 2, Col 7

In general the day was an ordinary day in Twin Falls, but if anything happened to residents that is unlucky, it always can be blamed on traditionally unlucky Friday the 13th.

It was an unlucky morning when she failed to get her car to move on slick city streets.

It also was an unlucky day for two unidentified men who were pushing their stalled car along Addison avenue east.

## Johnson To Fly Over Damaged Areas Hit by Rampaging River

LOUISVILLE, Ky., March 13 (AP) — The Ohio river reached its crest today as President Johnson announced plans for a personal inspection of the seven states hit by the rampaging Ohio river. The river's assault now centers principally at Ohio, Indiana and Kentucky which today reported two more flood deaths. The president will fly to Pittsburgh and be joined by officials of five states for the aerial inspection. Eleven deaths have been blamed on the high water which caused more than 50 million dollars in damages and, by Red Cross estimates, affected 110,000 persons.

## Cyprus Rejects Turkish Ultimatum

NICOSIA, Cyprus, March 13 (UPI) — Turkey served a "last chance" ultimatum on Cyprus President Makarios today that it would invade Cyprus unless he halts the fighting. Ankara dispatches said troops, army vehicles and supplies were being loaded aboard an invasion fleet. Greece rejected the ultimatum, said it would "react promptly" to any Turkish invasion and placed the Greek armed forces in a state of "advanced alert."

which meant units of the army and navy were standing by in battle dress ready for action at any moment.

While the NATO council held an urgent conference in Paris to avert war between Turkey and Greece, Makarios told a conference in Athens he and the Greek government had agreed on a "common course" of action and said they would fight the last man.

Nicosia radio warned that a Turkish invasion could come at any moment. It quoted Turkish Premier Ismet Inonu as saying Ankara that if there were no satisfactory response to the ultimatum by "late tonight" and the fighting stopped "then we shall carry out a landing on the island."

The crisis was becoming so serious that British Prime Minister Sir Alec Douglas-Home broke off his electioneering tour to return to London and take personal command of Britain's efforts to avert possible warfare over Cyprus.

The Turkish Cypriots have accused the Greek Cypriots of trying to annihilate all Turks on the island before a United Nations peace-keeping force could arrive. But at the United Nations, Greek Cypriots appeared dim of memory, such a force before Monday.

Border fighting continued in Cyprus, especially along the road from Nicosia to Kyrenia where the British said Greek Cypriots opened fire on British defense positions. The British fear a Greek drive along the strategic Tenzon Mountain by the army with war and invasion an imminent threat.

Ankara dispatches said the Turkish troops and war weapons were being loaded on Turkish naval vessels at the south coast port of Iskenderun, 100 miles from Cyprus. The reports said the 39th division were heading the Turkish fleet which departed only yesterday from two days of maneuvers.

## Ruby Murder Trial Goes to Jury Tonight

DALLAS, March 13 (AP) — Jack Ruby's fight for life ended today as the jury today scheduled to begin its deliberations in a blaze of television and with the aid of a prediction of acquittal.

The case of the slayer of Lee Harvey Oswald goes to a jury of eight men and four women tonight. Testimony ended with the last defense effort to prove Ruby innocent and chief defense attorney Melvin Belli's best shot "can't get a death penalty" appeal court to throw out any unfavorable verdict.

"It's not the judge's fault," Belli declared. "It is the district attorney that's leading him into reversible error."

"They're desperate now. They know they can't get a death penalty now and they are going to try and get something."

There was no comment from District Attorney Henry Wade. The tense, sometimes explosive,

## Success

BOISE, March 13 (AP) — Secretary of State Arnold Williams passed on what he said were given him as definitions of success:

"Definition of a successful man: One who earns more than his wife can spend. Definition of a successful woman: One who finds such a man."

## Two Arrested For Trying to Blast Train

FORT PIERCE, Fla., March 13 (AP) — Two alleged pickets in the violence-racked Florida East Coast railway strike were arrested on Thursday night by FBI agents and charged with trying to blow up a train.

Five trains have been derailed during the 13-month strike.

John Wesley Davis, 28, a Fort Pierce area native, and Joseph Leo Vedder, 32, Miami, were jailed in lieu of \$75,000 bond each.

The FBI, in an announcement in Washington by Director J. Edgar Hoover, described both men as former employees of the railroad and allegedly active as pickets during the strike.

Hoover said 15 sticks of dynamite were found wired to the rails at the north end of an FEC bridge in Indian river county, north of here.

The explosives were wired so they would detonate when a train's wheels passed over the tracks, the FBI said.

Saboteurs have blown five freight trains off FEC tracks this year, two last month a few miles from Palatka where President Johnson was making a speech on a Florida tour.

Hoover said Vedder, who was armed with a .38 caliber pistol, was arrested in a car near where Davis was apprehended. No further details were released.

The two men were given an immediate hearing before U. S. Commissioner James E. Alderman at Fort Pierce. Bond was set at \$75,000 each.

Vedder and Davis were charged with placing an explosive on the railway bridge in an attempt to damage a train.

Johnson Visits Gen. MacArthur

WASHINGTON, March 13 (AP) — President Johnson made an informal visit today to Gen. Douglas MacArthur, who is recovering after major surgery at Walter Reed army hospital.

The president drove to the hospital entrance about 11:15 a.m. and went quickly to the third floor "VIP" suite where the 64-year-old general of the army is quarantined.

Johnson stayed about half an hour, then returned to the White House.

## Sno-Cat Is Forced Back In Search

MOUNTAIN HOME, March 13 (UPI) — Heavy snow has forced one of two fish and game department vehicles to turn back in its efforts to reach Rocky Bar and find out what happened to the ghost town's only resident.

The fish and game department reported that one of its Sno-Cats, a new type called the "Bombardier," got as far as Lightfoot Bar where it drains into the south fork of the Boise river. It could go no further, the department said, because of heavy snow and snowstorms.

The snow vehicle did not even make it to Skelton canyon, the route it hoped to take to Rocky Bar, a once-booming mining town in the back country about 60 miles or so north of here.

This unit and one which went by way of Anderson Ranch dam were hoping to reach Rocky Bar to find out what happened to its elderly resident, Charles Sprittles.

The man was seen about a month ago when he began a snowshoe trek to his home in the hills.

Planes and a helicopter flew over Rocky Bar but were unable to land. Pilots reported, however, they could see no sign of life.

The fish and game department said there are 27 inches of new snow on Couch summit and 18 inches of new snow at Lightfoot. The Bombardier Sno-Cat, the department said, is bogged down and a snow plow has been dispatched from Elmore county in an attempt to dig out the unit.

None of the men aboard is in any danger, however, the department said.

No word has yet been received from the vehicle that went by way of Anderson Ranch dam.

## Fliers May Be Released By Soviets

BERLIN, March 13 (AP) — The Soviet Union will release three captured air force officers if the U. S. government admits it ordered them to fly over East Germany, an informed source reported today.

The three officers parachuted from an RB66 reconnaissance plane shot down by a Soviet fighter over East Germany Tuesday.

The informant said if the United States does not issue a public admission that they were ordered to fly over communist territory, the three will be tried on espionage charges.

The source, who insisted on his name being withheld, and who spoke with the understanding that he not be identified as Eastern or Western, added that the three officers have been told of this condition for their release. He said the U. S. government also has been informed.

The United States has thus far maintained that the plane was on a routine training flight and blundered across the Iron Curtain into East Germany.

So far there has been no official statement on the condition of the men, where they are being held or what their communist captors have in store for them.

Thursday in Washington the United States called for the fliers' release without delay.

The three captured officers are Capt. David I. Holland, Holland, Minn.; Capt. Melvin J. Kessler, Philadelphia, and First Lieut. Harold W. Welch, Detroit. The air force identified Holland as pilot of the plane, Kessler as navigation instructor and Welch as navigator.

SEVENTH TERM  
BRASILIA, Brazil, March 13 (AP) — Deputy Ranieri Mazzilli has begun his seventh straight term as president of Brazil's national chamber of deputies.

## Court Order Is Sought to Desegregate

WASHINGTON, March 13 (AP) — The government today sought a court order to require Alabama to desegregate all its public schools. It was the first time the government has asked for desegregation on a statewide basis.

The justice department argued in a brief supporting the request that steps taken by Alabama state officials to maintain segregation show they had the power to enforce integration.

The brief, filed in U.S. district court in Montgomery, Ala., also asked that an Alabama law permitting state aid payments to pupils in "separate schools" be declared unconstitutional on grounds that it is being used to enforce segregation.

The justice department filed the brief at the request of the district court after the latter expanded a case seeking to prohibit the Macon county, Ala., school board from blocking the entrance of 12 Negro pupils to the Tuskegee, Ala., high school.

## Delay Again Granted in Murder Case

Robert N. W. Balleisen, attorney for Roland Beard, 42, Buhl, who is charged with first degree murder of Mrs. Lillian Bullard, Buhl, on Dec. 28, has been granted more time by Probate Judge Zoe Ann Warberg to file a brief.

Balleisen will prepare a brief asking what the charge against Beard will be if he is bound over to district court.

Judge Warberg said Balleisen feels the charge should be a lesser charge than first degree murder.

Balleisen previously requested a 10-day delay March 2 to prepare the brief.

Mrs. Bullard was found dead in Beard's home about 4 a.m. Dec. 28, by Buhl police. She had been shot once with a 30-06 rifle.

Beard told Sheriff James H. Benham he shot Mrs. Bullard during an argument at his home, but "didn't know why" he did it.

Johnson Family May Have Easter In Washington

WASHINGTON, March 13 (AP) — President Johnson and his family may break with custom and spend Easter in Washington.

Usually the Johnsons go to their ranch near Johnson City, Tex., for the Easter season. But press secretary Pierre Salinger said he has heard no discussions of such a trip this year.

Besides, Mrs. Johnson and her daughters, Luci and Lynda, have promised to be on hand for an Easter egg roll on the White House grounds on March 20, the day after Easter.

## Friday 13th Is Lucky for Some, Not so for Others

Today is Friday—the 13th day of March. For some it is a lucky day; for others not so lucky.

It also was an unlucky day for two unidentified men who were pushing their stalled car along Addison avenue east.

In general the day was an ordinary day in Twin Falls, but if anything happened to residents that is unlucky, it always can be blamed on traditionally unlucky Friday the 13th.

It was an unlucky morning when she failed to get her car to move on slick city streets.

# Student Body Constitution Is Presented

**HAGERMAN, March 13**—Three senior boys, Jerry Jolley, Bob Chick and David Thompson, presented the revised edition of the student body constitution to trustees of the school district at their meeting Wednesday evening.

Trustees complimented the students for their work on the revised constitution and accepted the revisions. An assembly will be held soon for the student body and the constitution will be explained to the students, before it is passed for a week in the school building, prior to voting on its acceptance.

Alfred Sandy was asked to attend the assembly and represent the trustees before the student body.

Bids were opened for school buses and the contract was awarded to Stanley Penfold for a three year term at \$1,800 per school month with a limit of 3,500 miles per school year. Any routing of miles over the limit will be an additional 30 cents per mile. This contract will include Penfold's purchase of a new 60 passenger bus.

Couch-Al Glanders reported on attending a meeting with other schools to investigate the possibility of Hagerman getting in the 11-man football conference and a different basketball conference.

Glanders stated the schools already had scheduled enough football games for the coming season, but in another year, Hagerman will be included. The local school can advance to the next bracket in basketball the next season, however.

Ronald Carlson, agriculture teacher, reported the completion of his adult welding class, stating seven persons completed the 10-week course in arc welding, rod identification and metal identifications.

The state FFA convention will be held March 26, 27 and 28 at Idaho Falls and Carlson was granted permission to take eight students to the meeting.

Roy Strawser gave an evaluation of the civil defense course which he has just completed for 22 adults.

Strawser stated that most schools in the county have some sort of evacuation plan in the case of an atomic attack and asked the board's permission to have a public meeting to get the consensus of the people on what they want done with the children if an attack comes.

Strawser stated Gooding county has the best facilities for sheltering in the state and Hagerman is closest to the biggest one shelter, the Lower Salmon power plant. It was decided to have an open meeting for the budget hearing and the civil defense discussion at 8 p.m. April 6 in room 2 of the high school. Parents are urged to attend and make their desires on the subject of evacuation known.

A letter from Rep. Ralph Harding, D., Ida., was read advising the trustees that the office of education has approved \$2,709 in federal impact area funds for this school district.

# The Lenten Story

**PILOT WASHES HIS HANDS**

On certain festival days, Pontius Pilate, the governor of Judea, released to the crowds whichever prisoner they wished.

Certain of Christ's innocence, he offered them a choice between Him and Barabbas, a notorious criminal. But to his astonishment, the crowd chose Barabbas.

"What then am I to do with Jesus who is called Christ?" he asked.

And the crowd cried out, "Crucify Him, crucify Him."

Afraid that a riot was about to break out, Pilate gave in, but first took water and washed his hands in the sight of the crowd, saying:

"I am innocent of the blood of this just person; see ye to it." (Matthew XXVII:24)

Pilate's attempt to wash his hands of official responsibility in the matter has stood evermore as a gesture of futility.

# Pupils Will Attend State Club Parley

**JEROME, March 13**—Members of the Future Business Leaders of America, a high school club, are completing final preparations for the state convention, which will be held at the Northwest Nazarene college Saturday. All contestants for the state convocation were chosen at local contests.

Elaune Jackson and Dan Baughman will compete for the Miss and Mister FBLA Idaho titles. Judges for the local contest were Mayor Earl Gregnawall, Lowell Thurston, employment security office representative, and Cliff Brady, Beneficial Finance. Both students are seniors.

Spelling team winners who will compete at Nampa are Brent Blawie, David Davis, both seniors, and Pat Jacobs, sophomore.

Two Jerome youths, Wayne Childers and Beverly Jackson, are running for the office of state vice president and state treasurer, respectively.

Francis White will be Childers' campaign manager and Baughman will give Miss Jackson's campaign speech. These students will be judged on leadership, ability and poise.

Elaune Jackson is the state vice president of the FBLA. She was elected at the convention last year.

Joanne Morris will compete in the public speaking contest. She will give a seven-minute speech on one of the purposes of the Future Business Leaders of America.

Voting delegates from Jerome will be Judy Anderson, local president; and Francis White, secretary.

Ernest Sayler, advanced business instructor, is the adviser of the Jerome chapter.

# Throws Money

**NAPLES, Fla., March 13**—Police said yesterday that a robbery suspect threw a suitcase full of money at a deputy sheriff in a desperate attempt to escape in an auto chase that reached speeds of 100 miles an hour.

The deputy, Seth Howard, caught the suspect anyway after chasing him for 55 miles through three counties. He was identified as Ollus McCorty, Jr., 28, who weighs 270 pounds.

Howard reported that McCorty threw a suitcase filled with coins, a cutting torch complete with tanks, and "even some boots" in an apparent attempt to cause the deputy to wreck his car.

The deputy finally ran him down, made the arrest and backtracked to pick up the evidence.

Authorities said McCorty was wanted for two robberies in which about \$1,000 was taken. He was charged also with breaking and entering and willful and wanton reckless driving.

# Liquor Licenses Suspended for Three Area Clubs

**BOISE, March 13**—Suspension of three liquor licenses was reported Thursday by Warner C. Mills, state liquor law enforcement director.

He said a 30-day suspension was given the Wooden Spur club at Ketchum on charges of selling liquor between the hours of 1 and 10 a.m.

Suspensions of 20 days each were ordered for the Zanzibar and the Mint bar and cafe, both in Hailey, both on charges of permitting consumption of liquor between the hours of 1 and 10 a.m.

Mills said beer licenses held by Zanzibar and the Mint also were suspended with the suspensions to run concurrently with those of the liquor licenses.

# Jerome to Host Speech Contest

**JEROME, March 13**—Jerome Toastmasters club will host the area-three speech contest March 21.

## St. Patrick's Dinner Held In King Hill

KING HILL, March 13 — A St. Patrick's dinner was held Tuesday night at the King Hill Grange hall with Mrs. C. E. Grange and Mrs. Robert Grange in charge.

Grange members whose birth-anniversaries occur in January, February, March and April were honored.

Kenneth Jones, master, reported on the possibility of Elmore county taking over the responsibility of the cemeteries in the county. Robert Grange was appointed to get more information on the matter and report at the next meeting.

A discussion was held on the public auction sale, which will be held Saturday, starting at noon in front of the Grange hall.

Anyone who wants to contribute and has no way to get the items to the sale can call 4545, 4533, 4611, 5125 or 4615. Lunch will be served.

Arthur Greer reported on post-put up for the auction sale and on copies of the Grange constitution and bylaws which were adopted by the Grange and will be sent to the state Grange building for safekeeping.

John Anderson volunteered to list all members in the Grange record book.

Mrs. Frank Jones, lecturer, presented a program on St. Patrick. Anderson gave the history of St. Patrick. Quizzes on Irish songs and snakes were conducted by Mrs. Jones.

REHEARSING FOR PERFORMANCE of "The Seven Last Words," to be held at 2:30 p.m. Sunday in the Twin Falls Presbyterian church are Gary Major and Mrs. David Mead, Twin Falls. Music club is sponsoring the performance. Others who are participating are Mrs. Ernie Carr, Karl Wilson, Dr. George Davis, Clarence Dudley and Roger Vincent. (Times-News photo)

## Impact of Meat Imports on Idaho is Reported Serious by Sen. Len Jordan

WASHINGTON, D.C., March 13 (Special).—The trade policies of the United States have worked to the disadvantage of states such as Idaho whose economy is based on agriculture and other extractive industries, Sen. Len Jordan, R. Ida., told members of the senate finance committee studying measures to curb meat imports.

Recounting efforts made to curb meat imports, Senator Jordan told committee members that over a year ago he had joined with Senator Simpson in a measure to sharply cut meat imports.

"This measure received adverse reports from all executive agencies," the Idaho senator stated.

"After considerable continual prodding, the U.S. entered into negotiations with Australia and New Zealand, the principle countries sending meat here," Senator Jordan explained.

"Our domestic producers were sold out in these negotiations," the Idaho senator declared. "The foreign nations got what they wanted and U.S. livestockmen were given only slight interest decrease which can be followed quickly with an actual import increase."

"This week action by the administration has not helped the livestock producers," Jordan declared. He also charged that administrative pressure made it impossible to get approval for an amendment to the farm bill which would have aided livestock growers.

"Where I favor my original bill as being the most helpful to curb imports, I feel that the situation is so dire that I am willing to go along with any reasonable measure to help," Jordan said.

"I urge the committee to give favorable consideration to the most effective plan for a workable solution to the problem that can be implemented with the least delay."

## Budget for Heyburn Is Approved

HEYBURN, March 13 — The 1964 annual budget totaling \$227,941 was approved Wednesday evening during the regular village board meeting.

There were no protests voiced on the amount which is a slight decrease from last year. The mill levy remains at 37 mills.

The budget will include general fund, \$120,094; streets, \$18,550; electric, \$162,390; recreation, \$1,150; fire protection, \$1,100; police, \$2,000; garbage, \$2,500; sewer, \$8,555; irrigation, \$6,600; and contingent, \$13,000.

The mill levy includes 23 mills for general use and 15 mills for sewer.

DeWaine Jensen, Burley city clerk, explained the Municipal league group insurance.

The Mountain States Telephone and Telegraph company was granted permission to bury telephone cable on O street from the Snake river bridge to east of Pacific Co-op.

Virgil Mattson, village manager, reported on the meeting Monday evening with the district doka county highway department concerning asphaltizing village streets. It was decided to asphalt 18th street at the school, west of V street near the Jesse Sessions residence, north of Alfresco road and J street from the railroad tracks, south to 500 South behind the cemetery.

Crews will "half-sole" 17th street from the LDS church to the school, and off the street lining the north of the cemetery from J street to highway 30 north.

The board voted to send Vlado (Bud) Scoville, village employee, to the Idaho sewage workshop April 6-7 at Pocatello.

Mattson announced the new electrical rate schedule will be set up this month. The electric statements sent out for March will be under the new schedule.

Richard Baird was granted a building permit for an addition on his house located on lot 1, block 45, costing \$2,000.

The board agreed that no advertisement signs will be erected on village streets or village right of way. Harold Hollenbeck was hired as village dog catcher.

Calvin Braeger, Paul, was low bidder for digging and backfilling on irrigation pipe to be installed on 20th street. Valley Concrete, Burley, was low bidder on pipe to be purchased on the same project.

The project includes putting underground irrigation tile from O street to I street to allow 20th street to be opened all the way. A large irrigation ditch currently goes down the center of the street right of way.

The street and gutter survey has been completed by Wendell Smith, state engineer, and the official map was displayed. The board approved the survey and voted to order three more maps.

Guests at the meeting included Leo Handy, former board member, and Roy Skinner, Heyburn police judge.

"Livestock producers can deal with intra-industry reasons for low prices. However, they can do nothing about rising tides of meat imports and, therefore, must turn to congress for help as the administration has not acted quickly enough or gone far enough."

"The capital investments in cattle and sheep operations in Idaho are the backbone of the economy, with some 441 million dollars invested in cattle operations and about 150 million dollars invested in sheep operations. Idaho is 65 per cent federally owned and cannot afford to lose any of its present tax base."

"Tax funds provided by the

## Gary Nelsons Greeted as New Grange Members

HOLLISTER, March 13 — Mr. and Mrs. Gary Nelson were accepted as new members of the Hollister Grange meeting Wednesday night.

The resolutions committee reported on resolutions to be presented this fall at state Grange.

W. J. Lanting read a letter to Sen. Len Jordan from W. B. Bennett, Jr., regarding Salmon tract water prospects. He also reported on the governor's water committee meeting.

The Grange voted to purchase a large percolator for the hall.

Mrs. Heber Loughmiller announced the bloodmobile will be in Twin Falls at the Legion hall from 2 to 6 p.m. March 23. Members of the Hollister Grange are asked to furnish cookies.

Pomona Grange will meet Saturday night at the Kimberly Grange hall.

Mr. and Mrs. Dale Kunkel will serve at the March 25 meeting.

## Honor Pupils Are Reported At Shoshone

SHOSHONE, March 13 — The senior and sophomore classes at the local high school held for number of students on the six week honor roll, school officials announced.

There were 15 students from each of the classes who made the roll, with 14 from the freshmen and 11 from the junior classes also listed.

Freshmen on the honor roll: Diki Barney, Spencer Bateman, Melinda Broyles, Robert Daina, Darlene Claussen, Brent Hadlock, Judith Harris, Joyce Johnson, Kenneth Knowles, Richard Neher, Marilyn Pearson, Kathy Rose, Richard Tews and Dale Williams.

Sophomores are Mary Kay Alexander, Marva Broyles, Mark Dille, Terry Ann Gehrig, Sandra Hadlock, Judi Hannah, Linda Johnson, Terry Lee Johnson, Edward Kelley, Kathy Miller, Beckie Nelson, Linda Onofrey, Joanne Peak, Gail Ross and Jere Seab.

Juniors included Virginia Arnes, Sherry Buhler, Karen Coffman, Galen Guthrie, Larry Hadlock, Barbara Hughes, Dick James, Pam Leontius, and Laurie Miller, Ginger Ross and Laurie Seay.

Seniors are Michael Baralona, Delva Casper, Velva Casper, Gordon Croft, John Ekin, Jim Hadlock, Susan Hall, Shirley Hesser, Beckie Johnston, Janet Matheson, Cheryl Rapp, Jim Sabala, Marilyn Silva, Karen Sorenson and Keith Thomas.

## Filer Forms Jaycee Unit

FILER, March 13 — Stanley Berg, manager of Stan's Chevron service, was elected president of the newly-formed Filer Junior Chamber of Commerce at a meeting Tuesday.

C. Robert Johnson was elected internal vice president; Jerry King, external vice president; Don Williamson, secretary; Richard and Schwartz, treasurer; Gilbert Chandler, state director, and Larry Knudsen, local director.

This was the second meeting of the group and 19 men signed up for membership. Membership is open to interested young men between the ages of 21 and 35.

Calvin Bowen, Nampa, Idaho Jaycee president, and William Jalla, Gooding, internal director, explained the goals and activities of the organization.

Bruce Will, assisted by other officers of the Buhl Jaycees, was in charge of the part of the meeting. The Buhl members explained the activities in which their members participate.

Ken Thurman and Ralph Smith were guests.

## Mayor Talks to Buhl Clergymen

BUHL, March 13 — Reed P. Maughan, mayor, discussed the various phases of city government when he addressed members of the Buhl Ministerial Association at their regular monthly meeting Wednesday morning in the Wesley house of the Methodist church.

Maughan pointed out Buhl has possibilities for growth and with the many facilities available here can support a population of 15,000. He noted Buhl is a family town because of its churches, schools and parks.

He stressed the need for improvements at the local airport, pointed out services offered at the local cemetery and the importance of the new sewage treatment facilities now under construction. He noted efforts are being made to attract certain industries to the area, which are important to the community.

The Rev. Jack Kennedy, Casper, also was a guest. The next meeting April 6 will feature a discussion on mental health.

## MAN LEAVES

KING HILL, March 13 — Kenneth Rose has gone to Walla Walla, Wash., where he will be employed as a foreman of railroad construction work.

## News of Record

BOISE, March 13 (P)—The secretary of state's and treasurer's offices have received certificates from the state insurance fund for maintaining an accident-free record during 1963. The certificates, signed by George C. Moore, manager of the fund, commended them for "continued efforts in preventing accidents."

NAMPA, March 13 (P)—Northwest Nazarene college yesterday announced that it will switch from the semester to the quarter system beginning next fall, with more hours given to fewer courses at a time. Dr. Thomas B. Culver, dean of the college, said the system will make possible greater concentration of effort by both faculty and students. She said students will take fewer courses during the 11-week quarter, but spend more time on them. She said some classes will meet for two hours, some for one and some for 45 minutes.

IDAHO FALLS, March 13 (P)—The U.S. army corps of engineers, after a check of runoff conditions, doesn't expect floods in the eastern Idaho area this spring. Three representatives completed a tour of the area and one of them, George Strickland, said the army is prepared for, but doesn't expect, floods. Russell Holm, chairman of flood control district one, said absence of frost in the ground was a major factor. He said it will let water sink into the soil and slow the runoff.

IDAHO FALLS, March 13 (P)—Businessman Jack W. Carey, Idaho Falls, is the first to announce candidacy for the legislature in Bonneville county. Carey, a Republican, said he will seek one of five house seats to be filled this year. The county got two additional seats with reapportionment voted in 1963. The incumbents are Democrats Don Pieper and Howard Andrus and Republican L. Devon Sanderson.

CALDWELL, March 13 (P)—An aunt of Gov. Robert E. Smylie, just back from a Caribbean trip of nearly two months, received a birthday visit yesterday evening from the governor. She is Mrs. F. M. Cole, 89, who made the trip with her sister-in-law, Mrs. L. D. Blondel, 80. Smylie said his aunt has made numerous trips since she turned 80. Her stops have included Paris, Madrid, Rome and Jerusalem.

BOISE, March 13 (P)—Settlement was reported yesterday in a \$121,000 suit filed by an Ohio couple against two Bonners Ferry men. Attorneys said it disposes of a U.S. district court suit against Mrs. Herbert D. Rankin, sued as the result of a 1960 collision on U.S. highway 95 near Naples. They claimed a truck driven by Morris L. Smith and owned by Ed Sammons collided with their car, causing injuries. Sammons and Smith had contended that careless driving by Rankin caused the collision.

BOISE, March 13 (P)—Delmas H. Sorenson, Caldwell, pleaded innocent in U.S. district court yesterday to charges of carrying firearms across the Idaho-Oregon state line. Bond was reduced to \$1,000. Date for a trial will be set later. Sorenson is charged with violating the federal firearms act by carrying a .22 caliber pistol from Caldwell to Burns, Ore., and back to Caldwell.

## Yearly Banquet for Jerome Chamber of Commerce Slated

JEROME, March 13 — Final plans for the annual banquet were discussed Wednesday at the weekly luncheon meeting of the Jerome Chamber of Commerce at Wood cafe. The meeting will be at 8 p.m. Wednesday in the banquet room of Wood cafe.

John Corlett, political columnist for the Idaho Daily Statesman, will be the featured speaker. Four directors will be elected, with one to replace Frank Humber, who recently moved to Salt Lake City.

Other directors whose terms expire include William A. Last, Frank Titus and John Stelle, Jr. Holdover directors are Richard Everson, Blake Patterson, Ralph Peters and Kenneth Rice. The board will elect officers after the general meeting.

All chamber members have received ballots to vote for directors. The final vote will be made Wednesday evening.

C. E. Harder will be the toastmaster for the meeting and Everett and Penna Main will present.

## Assassination Hearing Not Halfway Done

WASHINGTON, March 13 (P)—The Warren commission investigation into the death of President John F. Kennedy still "is less than half way through" more than three months after the inquiry began.

The commission, headed by Chief Justice Earl Warren, was set up shortly after the assassination of Kennedy on Nov. 22, 1963, in Dallas.

President Johnson ordered the commission to explore fully and report to him the circumstances surrounding the slaying. Johnson said he would make the commission's findings public.

Thus far the bulk of the testimony has been taken from relatives of Lee Harvey Oswald, the accused assassin who in turn was shot to death by Dallas strip-joint operator Jack Ruby.

A spokesman for the commission said today that many more witnesses would be called and that the investigation had not yet reached the half way mark.

Witnesses who already have testified included Oswald's Russian-born widow, his mother, his brother, secret service agents and various persons who knew Oswald or had something to do with him on the day of the assassination.

More than 350 documents, letters and other items have been turned in to the commission. The five-volume FBI report on the President's slaying.

Before the seven-member commission is through, it plans to cover:

—Every detail of Oswald's activities on Nov. 22.

—The life and background of Oswald, with an attempt to assess his ideas and psychology.

—Oswald's career in the marine corps and his stay in the Soviet Union.

—The murder of Oswald in the Dallas police station and all aspects of how it could have occurred.

—The story of Jack Ruby, the night club owner who shot Oswald to death before a started television audience.

—Procedures used to protect Kennedy, the performances of the secret service, the FBI, Dallas police, and possible influence of hate movements and extremist organizations in the Texas area.

The contents of the FBI report have never been disclosed but it is said to conclude that

Twin Falls Times-News

## Dog Charged

STILLWATER, Minn., March 13 (P)—Her pet dog was blamed Thursday for the strangulation death of Victoria Aronson, 6.

The girl, with a scarf about her neck, was playing with her Labrador retriever when the dog playfully grabbed the end of the scarf between his teeth and dragged the girl about 70 feet through the snow. The child was strangled by the scarf.

## Idaho Falls Man Is Held for Murder in Japan

TOKYO, March 13 (P)—The court martial of U.S. Army Spec. 5 cl. Richard M. Strong, Idaho Falls, on charges of murdering his wife has been postponed until March 31, the army announced today.

Strong had been scheduled to face a general court martial Wednesday.

An army spokesman said the delay was granted at the request of Strong's two military defense attorneys.

The enlisted man is accused of strangling his wife, Peggy, 24, Salt Lake City, in their quarters near Tokyo Jan. 1. They were parents of three children, ages 1 to 5 years, who have been returned to the United States to live with relatives.

The trial will be held at Camp Zama, headquarters for U.S. army forces stationed in Japan.

## SUBMARINE IS NAMED

WASHINGTON, March 13 (P)—The navy's 36th Polaris missile submarine will be named George C. Marshall to honor the late secretary of state and World War II army chief of staff. The Marshall is under construction at Newport News, Va., and is scheduled for launching in April, 1965, and will join the fleet in 1966.

Oswald, who defected, then returned from Russia, acted alone and not as part of a conspiracy.

### Riding Club at Richfield Elects

RICHFIELD, March 13—Richfield Riding club members have elected officers for the 1964 season.

Sidney Edwards, Jr., is president; Dale Whitesell, first vice president; Udell Robinson, second vice president; Mrs. Udell Robinson, secretary; Mrs. Edwards, treasurer, and Bruce Sorenson, association director and drill captain.

Donald C. Cotton, Blaine, outgoing president, presided at the Tuesday meeting held at the home of Mr. and Mrs. James M. Brown. The April 6 association meeting will be held at the McFall hotel, Shoshone.

### Adult Class Is Held on Defense

RICHFIELD, March 13—The second of five adult education classes in civil defense will be held at 7:30 p.m. Tuesday at the high school study hall.

The organization meeting was held Tuesday with 62 persons registered. Carl Kinney, instructor, Shoshone, announced registration was still open and persons may attend for the first time this coming Tuesday.

Light refreshments will be served by the Richfield Lions club, sponsors of the course offered by the Idaho department of education.

Peter Schmidt, Lions club president, welcomed the large group of adults and introduced Kinney. Melvin Pope and Theo B. Brush were Lions club hosts.

Background in understanding public peril will be covered in the sessions this Tuesday.

ENLISTS IN ARMY  
GOODING, March 13—Marvin LeRoy Monson, son of Mrs. Edith Stutzman, route 2, Gooding, has enlisted in the army for three years and was sent to Ft. Ord, Calif., where he is being processed for further assignment.

# Iris Society Slates District Meeting in May

Mrs. J. T. Ricketts, Jerome, district director of the Iris Society, announced the district meeting will be held May 1 at the Depot grill Caboose room. The announcement was made when members of the Magic Valley Iris society held their March luncheon meeting at the Buhl Methodist church.

Mrs. E. W. Smith, Twin Falls, president, conducted the business meeting. Reports were given by Mrs. Ed Conrad, Buhl, recording secretary, and Mrs. F. D. Dierksen, Buhl, treasurer. Mrs. Mary C. Harris, Twin Falls, corresponding secretary, read a letter from Mrs. C. Nelson, Laramie, Wyo., regional vice president of the American Iris society. She also read highlights in the Regional Bulletin.

The letter stated that Mrs. C. W. Vallette, Declo, and Mrs. Smith are senior judges after having served as judges for over 15 years. Mrs. Nelson appointed Mrs. Floyd Bandy, Twin Falls, as iris exhibition judge, and she will be in charge of the regional judges training program of the AIS.

Those receiving certificates are Mrs. John Platt, Twin Falls; Mrs. Hazel Hargis, Mrs. Harry Morris and Mrs. Phoebe Thompson, all Jerome. They are national accredited amateur judges of the National council and are qualified judges for any show.

Mrs. Hazel Hargis, show chairman, distributed the show schedules for June 6 and 7 at the Jefferson school, Jerome. Show plans were discussed and committee chairmen were Mrs. Hazel Hargis, show chairman; Mrs. Bandy, entries; Mrs. Al Kramer, Castleford, and Mrs. John Platt, advance club entries and displays; Mrs. Smith and Mrs. Guy Kennedy, Jerome, awards; Mrs. Harris, secretary, and Mrs. Glen Thietten, publicity.

The winners include Mrs. Dierksen, Mrs. Conrad, Mrs. Charles Davis, Mrs. Thietten, Mrs. J. J. Stickle, Mrs. Merna Priest and Mrs. Estelle Ricketts. Mrs. Kramer, assisted by Mrs. Conrad, showed slides of dwarf iris and other iris gardens.

New members are Mrs. Davis and Mrs. Max Crothers, Twin Falls.

A flower show school will be held April 7 and 8 at the Episcopal church, Jerome. Mrs. J. Arthur Nelson, Omaha, Neb., will instruct flower arranging. Mrs. Wesley Fournal, Milwaukee, Ore., will instruct for flower show practice and horticulture. Written exams, which are optional, will be given the third day. Interested persons are welcome. Mrs. J. R. Webster, Jerome, is registration chairman for the school.

The Naomi circle of the Woman's Society of Christian Service served the luncheon. The May luncheon will be held in Burley. Following the meeting members will tour the Vallette Gardens, Declo.

# MRS. WENDELL C. WHITE

# Judy Smith, White Exchange Nuptial Promise

JEROME, March 13 - Judy Kaye Smith, daughter of Mr. and Mrs. Lawrence Smith, Provo, and Wendell C. White, son of Mr. and Mrs. Ivan G. White, Jerome, were married at the Salt Lake City LDS temple Feb. 20.

The bridegroom's parents were hosts at a wedding breakfast held at the DeLo House after the ceremony. The reception was held at the Edgmont first-fourth ward hall.

Large bouquets of red carnations formed the background for the reception. Red streamers connected the floral decorations and large green ferns. Red carnations floated in glass vases at the tables where the guests were served.

The bride wore her wedding gown of white tulle skirt styled with a full cascading train with re-embroidered lace down the front and at the neckline.

She carried red roses tied with white satin ribbon. Her veil of white illusion was held by a rhinestone and pearl crown.

Mrs. Gary Deuel, Salt Lake City, sister of the bridegroom, was matron of honor. Other attendants were Mrs. Dean Robertson, Diane Black, Wendy Whitaker, Tania Loveless and Donna Rae Smith. They were dressed in red satin sheath dresses and each carried a single white rose.

The bride's mother wore a green brocade sheath dress. The bridegroom's mother chose a pink suit. Each wore a white rose corsage.

Steve Shelton was best man. Ushers were Stan Smith, David White and Gary Deuel.

Joy Vance registered the guests. Reception assistants were Frances White, sister of the bridegroom; Alice Gordon, Bernice Nelson, Becky Smith and Shirley Loveless.

Gifts were arranged by Norma Nielson, Gay Gordon, Verle Kerby, Myrtle Smith and Ruth Seemiller.

Mrs. J. D. Hopkins, Cedar City, grandmother of the bridegroom, was a special guest.

The bridegroom's parents hosted a reception and open house for the couple Feb. 21 at their home, Jerome. Arrangements for the ceremony were made by the bride's parents.

The refreshment table was covered with a handmade white lace cloth and centered with a three-tiered wedding cake on a mirror, surrounded with red and white carnations. White tapers in crystal candelabra flanked the cake. The lace cloth was made by the bridegroom's mother.

Assisting with the reception were Mrs. Mayben Johnson, Mrs. Edgar Dryden, Edith Dryden and Annette Dryden. Guests were registered by Gary Smith. Greeting the guests were Stanley Smith, brother of the bride, and David White, brother of the bridegroom.

Gifts were received by Kelly Smith and Allen Smith, brothers of the bride; Kent White, brother of the bridegroom, and Debbie Deuel, Salt Lake City, niece of the bridegroom.

Other reception assistants were Mayben Johnson and Gary Deuel.

The couple resides in Salt Lake City.

The bride is a graduate of Orem high school and attended business school at Provo. She is employed at the Mountain Fuel Supply company, Salt Lake City.

White is a graduate of Jerome high school and Brigham Young university. He is employed by Hercules Powder company, Salt Lake City.

A pre-nuptial personal shower was given for the bride by Miss Whitaker, Miss Black and Miss Loveless.

# Mrs. F. Stone Gives Program For Area WSCS

GOODING, March 13 - Mrs. Frank Stone presented the program for the regular general meeting of the Women's Society of Christian Service of the Methodist church. The group met at the home of Mrs. Roswell Robertson.

Mrs. Stone's topic was "Our church speaks or dies." Mrs. Ted Wilson read the Bible text.

A report was given on the father and son banquet held at the church.

Mrs. Thomas Lowman, youth secretary, announced that plans had been made for the annual banquet honoring high school seniors. The banquet will be held the last of April.

The Easter breakfast will be held March 25 at the church, with members of Esther circle providing food. Mrs. Emmett Kelly will give the program.

The state conference will be held Tuesday at Pocatello. Hostesses were Mrs. Robertson, Mrs. Eda Murphy and Mrs. Floyd Thornton.

# Relief Society Topic Given

SHOSHONE, March 13 - The importance of planning and preserving traditions was the topic of study at the LDS Relief society meeting. Mrs. Sherman Sorenson led the discussion during the afternoon session of the all-day meeting.

Handwork was done for the work project and the noon luncheon was served by Mrs. Stanley Larson, Mrs. Harold Casper, Mrs. J. O. Stimpson, Mrs. Burton Thorne, Mrs. Louie Mullin and Mrs. Ed Mathison.

Stake Relief society leadership was announced for Saturday at the Richfield church building.

# Demonstration Given at Meet

HAGERMAN, March 13 - A demonstration on "accessories for you" was given by Mrs. Warren Berry and Mrs. Robert Tupper at the Valley Home demonstration club meeting, held at the home of Mrs. Gerald Martin.

Ideas for the county home demonstration project for the year were submitted by members and will be voted on by the county council.

Mrs. Rex McNulty and Mrs. Thomas Fausett were named to attend the next leader training study March 24 at Wendell on household short cuts.

Mrs. Charles Skinner was co-hostess.

The next meeting will be April 3 at the home of Mrs. Jack Bardsley.

# Richard Dey Is Guest Speaker

Interior decorating was the topic of discussion held by Idaho Omicron and Zeta chapters. Beta Sigma Phi, at a meeting held at the home of Mrs. Michael Tegan. Richard Dey was guest speaker.

He spoke on types of carpet and furniture construction. Special prizes were won by Jackie Bardsley, Mrs. Owen Newbury and Mrs. Helen Thorne.

The next meeting will be held March 25. Dr. C. W. Cullings is guest speaker.

# Baptist Church Spring Rally Set for Tuesday

BUHL, March 13 - Women representing churches from Twin Falls, Piler, Rupert, Norland, Shoshone, Gooding, Hagerman, Jerome and Castleford are expected to attend the Women's Central Baptist church association spring rally meeting Tuesday, to be hosted by the local congregation.

Officers will be elected and installed. Mrs. Harold Henderson, president of the state general health association, will be featured speaker.

The day's events will begin with registrations at 9:30 a.m. Study sessions will be conducted and the Piler women will introduce the new program theme for the year. The Jerome women will be in charge of the installation ceremonies.

Special music will be furnished by Mrs. Clifford Brown. A potluck luncheon will be served at noon. Nursery services will be provided.

Mrs. Vern Searle, Jerome central association president, will preside at the business sessions. Mrs. John Moyer, Castleford, association program chairman, will make program introductions.

Local arrangements are under the direction of Mrs. S. A. Brabb, president of the Buhl Women's Mission society, assisted by Mrs. Homer White, Mrs. Ellis Woodruff, Mrs. Hazel Conrad, Mrs. Edna Peterson, Mrs. Robert Burchell and Mrs. Woodruff, decorations; Mrs. Erban Keyser, Mrs. Hazel Hanshaw and Mrs. W. L. Farnell, arrangements; and Mrs. Herman Compton, nursery.

Mrs. Perry Lehman, Mrs. William Stonestadt and Mrs. Earl Allen, menu, and Mrs. Bertha Tilley, Mrs. Leslie Brabb, Mrs. Grace Beager, Mrs. Pearl Anderson, Mrs. Frank Pearson and Mrs. Ona Babcock, kitchen.

# Miss McLean, Janicke Wed in Missouri Rites

Melinda McLean and Jorgen Janicke, Florissant, Mo., exchanged wedding vows Feb. 8 in a candlelight ceremony at the Lutheran Church of the Atonement. The Rev. Justus P. Kretzmann performed the ceremony.

The bride is the daughter of Mr. and Mrs. Raymond McLean, former Twin Falls residents, and granddaughter of Mrs. Mary O. Miller and the late Frank L. Miller.

The church was decorated with baskets of white stock and ivory and tall white tapers in brass candelabra tied with white satin bows and greenery.

The bride wore a white gown of peau de soie, and Chantilly lace. The bouquet tiered back fell into a chapel train. Her veil of illusion was held by a crown of iridescent crystals and lilies of the valley. She carried a bouquet of orchids and lilies of the valley.

Sally Simonson, San Pedro, Calif., was maid of honor. Bridesmaids were Mrs. Michael Ronquest, Mrs. Allen Kell and Linda Nielsen, cousin of the bridegroom. Pamela Bink was flower girl. The attendants wore floor-length gowns of soft rainbow shades in illusion, taffeta and each carried a colonial bouquet of tinted flowers.

William Fath, Champaign, Ill., was best man. Ushers were James Travis, Chicago; Richard O'Connor and David McLean, brother of the bride.

A reception was held at the Wayfarer inn following the ceremony.

The couple will reside in St. Ann, Mo.

# Model Meeting Held by Unit

BURLEY, March 13 - Model meeting of Alpha Psi chapter of Epsilon Sigma Alpha sorority was held for six new pledges at the home of Mrs. Magda Haxby.

Mrs. Barbara Anderson, president, welcomed the new pledges and conducted the business meeting.

Educational lesson on speech and vocabulary was given by Mrs. Arnold Young. New pledges were Mrs. Alvin Temple, Mrs. William Mai, Mrs. Thelma Conner, Mrs. Jay Moyle, Mrs. Dean Smith and Mrs. Ronald Cook.

Pledge ceremony will be held Tuesday at the home of Mrs. Keith Uscala.

# Mrs. C. Harris Is Speaker

CASTLEFORD, March 13 - Mrs. Clifford Harris, Wendell, spoke at the Baptist Missionary society meeting on the mission of the rural and urban churches. Ruth Moyer gave the devotional service. The nominating committee gave a report of the election to be held next month. Mrs. Alex Wells served refreshments.

# T.F. RIPS TIGERS, MEETS BORAH TONIGHT

## Boise Will Play Kellogg in Other A-1 Semi-Final

BOISE, March 13 (AP)—Favored Borah North Idaho champ Kellogg, Twin Falls and Boise advanced to the semi-finals of the state A-1 basketball tournament with opening round victories. Borah had no trouble in breezing past Highland 63-40. Kellogg rolled up a 47-48 victory over Nampa while Boise turned back stubborn Blackfoot 65-57 and Twin Falls stopped Mountain Home 54-45.

Twin Falls, second to Borah in the Southern Idaho conference, will tackle the Lions in the second night game Friday. Kellogg plays Boise in Friday's second afternoon game at 3 p.m. after Blackfoot and Nampa play a consolation match at 1:30. Mountain Home plays Highland at 7:30 p.m.

Highland took a 2-0 lead with three minutes gone but Borah moved quickly into a lead they held all the way on field goals by Bob Satterfield and Gary Tanner.

Tanner, a 6-foot, 6-inch center, scored 19 points for Borah while all-state Ron Imel, not hitting as well as usual, had 10. Bob Sward, only man over 6 feet for Highland, scored 17 points but got little support. Usual high-scoring guard Al Piedmont was limited to four points on two field goals.

Twin Falls, paced by the 19 points of all-state Steve Beer, played well in front during the second half after a close first half that saw Mountain Home run up 10 straight points at one time.

Twin Falls took an 8-7 lead in the first quarter on a field goal by Bob McKinley and made it 12-8 before Mountain Home scored.

With a minute gone in the second period the Bruins led 20-9. Mountain Home began to peek away. Warren Smit and John Dalton combined for four points and Ken West scored a free throw and pair of drives to cut it to 16-19.

Twin Falls came back on two long field goals by Beer and led 29-23 at the half. Mountain Home was never closer than five points after that.

West, speedy all-state guard, hit 14 points and Warren Smit 10 for the losers. Kirk Williams scored 13 for Twin Falls.

Mountain Home outscored Twin Falls from the field, 19 goals to 17. But Twin Falls held on to 20 of 25 free throws while Mountain Home had only 7 of 18.

Blackfoot battled the taller Boise team on even terms for 12 minutes of the first half with the lead changing hands eight times before Rich Toney hit on a foul shot to put the Braves ahead 26-25.

Before the half ran out Boise had taken a nine-point advantage and although Blackfoot was off the margin to less than four points the Braves remained in control to the rest of the way and took a 10-point lead with 8 minutes left.

Pai Gentle and Toney shared scoring honors for Boise, 16 each. Terry Hopkins was leader for Blackfoot with an even dozen. Kellogg set the pace in its game with Nampa from the start, then went cold in the second stanza, hitting only two field goals while the Bulldogs were counting 14 points. But accuracy hit the free throw line, with Kellogg hitting on 10 of 15 tries, kept the winners in the game and left them with a 30-26 half-time advantage.

The Wildcats found the range again in the second half and hit four straight field goals to pull away, then widened the margin to the final whistle.

John Williams, 6-foot, 1-inch Kellogg forward, paced the Wildcats and led all scorers with 18. Bob Brannard chipped in 15 for Kellogg and Jerry Turnbow hit for 12 in all in the second half. Ralph Braun tallied 13.

For Nampa, Ron Niel and Tom Baird each tossed in 13 points.

GOING UP for corner shot in Steve Beer, Twin Falls, in class A-1 state basketball tournament game Thursday night against Mountain Home. Beer paced Twin Falls with 19 points in 54-45 victory that moved team into semi-finals. Defending against shot are Gary Alzola (11) and Bob Stinson (55), with John Dalton (35) in background. (AP wirephoto)

## NYU, St. Joseph's Post Wins, Place in NIT Quarter-Finals

NEW YORK, March 13 (AP)—Barry Kramer and Happy Hairston showed their old-time form and led the unpredictable New York university Violets to a 77-68 victory over stubborn Syracuse in the opening of the National invitation college basketball tournament Thursday night. The victory put NYU into Saturday night's quarter-finals along with St. Joseph's of Philadelphia, which crushed Miami of

Florida 86-76 in the first game of the doubleheader before 13,927 at Madison Square Garden.

The Violets will meet top-seeded DePaul and St. Joseph's will oppose second-seeded Bradley.

Justus Steve Courtin and Billy Oakes paced St. Joseph's as the Hawks outplayed the highest scoring college team of the season. Kramer and Hairston were at their peak.

The 6-foot, 7-inch Hairston had 29 points before he fouled out with four minutes left. Kramer, a 6-foot, 4-inch All-American a year ago, scored 20 points, including 17 in the first half.

The Orange, showing a slick sophomore in Dave Bing, led several times in the opening 20 minutes, the last occasion at 21-18. The Violets regained the edge at 24-21 and never trailed thereafter, although the Orange rallied to tie at 38-38 in the last minute.

A free throw by Ray Bennett and a tap-in by Hairston put the Violets ahead 41-38 at the intermission.

Two baskets by Hairston and one by Kramer widened the gap to 49-38. That proved to be the turning point, although the Orange did bounce back on three straight baskets by Bing.

Bing finished with 31 points, 16 in the first half. Courtin and Oakes went on a scoring rampage early in the game against Miami and the Hurricanes never caught up.

Courtin and Oakes scored from the side, underneath the net and on jump shots from around the foul circle. And when their shooting fell off, 6-foot, 4-inch Jim Boyle took up the slack. Altogether the three combined for 69 points.

The Hurricanes from Miami couldn't buy a field goal as the smaller Hawks outlasted and outgamed them. Big 6-foot, 7-inch Rick Barry didn't hit from the field until midway of the first half.

# Top-Seeded Bonneville Leads Salmon and Snake River Into Semi-Finals

POCATELLO, March 13 (AP)—Snake River beat Moscow 46-43 in the last game of the first round Thursday night to advance along with three other teams to the semi-finals of the class A-2 Idaho high school basketball tournament. In other first round games, Preston dumped Jerome 61-48, Bonneville nipped Bonners Ferry 59-52 and Salmon swamped Emmett 68-59. In Friday's semi-finals, Preston meets Bonneville and Salmon takes on Snake River. Emmett plays Moscow and Jerome meets Bonners Ferry in consolation games.

Bonneville, a tournament favorite, got 20 points apiece from Dave Stanger and Dale Peterson and a whole of a fight from the smaller but scrappy Bonners Ferry team.

The Bees led 33-27 at the half, but Bonners Ferry, paced by 10-point third-quarter performance by John Taft, rallied to within two points at several stages.

Taft had 20 points for Bonners Ferry. Preston jumped to a quick lead and never was headed as it downed Jerome in the opening game of the tournament in the Idaho State university gymnasium.

Bill Godfrey, Philip Choules and Dan Jepson scored 15, 14 and 11 points, respectively to spark the Preston offense. Fred Gano led Jerome with 16.

The halftime score was 29-22 in Preston's favor. Salmon used the two-man scoring combination of Bob Gutzman and Jack Sorenson to beat Emmett. Gutzman scored 29 points, 19 in the first half, and Sorenson collapsed 24 points, 14 in the second half.

The Savages broke the game open with two minutes remaining in the third quarter. They were ahead 45-41 going into the quarter, but led 63-46 when it was over.

Pacing Emmett in scoring were Cleland Behrmann and Larry Kincaid, both with 14 points. Snake River led by six points late in the game, but saw its margin dwindle to two points, 45-43, in the final minutes. The Panthers stalled out the last seconds and Layne Van Orden flipped in a free-throw to clinch the contest.

Snake River got the edge at the free-throw line, making 19 of 22 shots. Moscow hit seven of 11 from the charity line, but hit three more field goals than the winners.

Bob Ross, a 6-foot, 5-inch sophomore center from Moscow, look scoring honors with 23 points. Snake River was paced by Ralph Dailley, Bob Marcum and Edith Pharis with 16, 11 and 10 points, respectively.

REMEMBER WHEN?  
By BOB REESE  
He was the great lover of his time... the idol of millions of women. From his slick black hair to his flashing eyes and his brilliant smile, he was the average woman's idea of a dream come true.

Through the series of smash hit movies he made, like "The Four Horsemen of the Apocalypse" and "The Sheik"... he portrayed dashing lovers, fearless officers and flashing-eyed Arab chieftains. And he made women swoon.

Then, at the peak of his career, tragedy struck. Black became the gown of the year for women all over the nation. Thousands came and mourned when he was laid to rest. There were many who never forgot him, the silver screen's most famed romantic idol. Few women who were moviegoers then, and few of their husbands, will fail to recall the time when Rudolph Valentino died.

Remember the year? People admired the sleek good looks of the new cars that year, too... and it was a big buying year. Still, most people looked for savings when they bought, and they got them. They bought, and they saved.

If you're looking for real savings this year on a new car, come in and see the new Dodge and Chrysler. Let us give you an appraisal on your present car. You will be surprised how much we can save you... and how little it costs per month to step up to a new Dodge or Chrysler at Bob Reese Motor Co., 500 Block Second Avenue So.

## UCLA Opens Quest For Basketball Title

By The Associated Press  
UCLA, the first team since 1961 to go unbent into the National Collegiate Athletic association basketball tournament, is tabbed as favorite in its section. Duke, Kentucky and Wichita also are favored, but who really can pick a winner from among 16 of the strongest college teams of the nation?

The NCAA regionals at four sites Friday and Saturday will determine the teams for the national semifinals and finals at Kansas City a week later.

At Raleigh, N.C.—Duke vs. Villanova and Princeton vs. Connecticut; at Minneapolis—defending champion Loyola of Chicago vs. Michigan and Kentucky vs. Ohio university; at Wichita, Kans.—Kansas State vs. Texas Western and Wichita vs. Creighton; at Corvallis, Ore.—San Francisco vs. Utah State and UCLA vs. Seattle.

Ohio State took a 29-game winning streak into the 1961 tournament and made it 32 before the final. Then the result of one of the tournament's classic games was Cincinnati 70, Ohio State 65 in overtime.

UCLA has a 28-0 record this season and Coach John Wooden calls his Bruins, led by All-American Walt Hazzard "as good as any team in the country and better than most." But the Bruins could be knocked out even quicker than Ohio State was.

San Francisco, one of five colleges that have won the NCAA title more than once, has a string of 18 straight victories and a 66-1 record. It is the UCLA's best NCAA record in its history.

The Bruins got to the semifinals in 1962 but were beaten by Cincinnati. The other four times they were eliminated in their first start.

Kentucky has the best NCAA tournament record of any team—four titles in 13 tournaments. But the Wildcats, coached by wily Adolph Rupp, are given the edge because experts figure Loyola and Michigan may wear each other down Friday.

Loyola has four of the five starting players from last year's winning team but Jerry Harkness, the leading scorer and team leader, is missing. Michigan, which tied Ohio State for the Big Ten title, is rugged under the boards.

Wichita's top place among four evenly-matched teams in the Midwest regional might be challenged, but Missouri Valley conference teams have the best record in NCAA tournament competition with a 28-1 mark in the post-season event. Wichita won the Valley nomination by beating Drake in a playoff. Texas Western looked strong in eliminating Texas A and M.

# DEVILS, OAKLEY, GENESEE COP A-4 WINS

## Roberts Moves To Semi-Finals With Favorites

BURLEY, March 13—The top three picks, Genesee, Murtaugh and Oakley, took opening victories and were joined in the semi-finals by rallying Roberts in the first round of the class A-4 state basketball tournament Thursday. Murtaugh, sixth district champion, posted the easiest decision of the day, dropping Cascade, third district, 51-40 in the finale.

Earlier Genesee's favorite's role became somewhat tarnished as the north Idaho crew had to rally to spill to a 59-55 overtime victory over Hagerman. Oakley, sixth district runner-up, came from 18 points off the pace in the third quarter to run over Kootenai 71-61 and junior Buster Berrett hit a crumple with 20 seconds left to let Roberts rally past Culesac 48-46.

Thursday's action sends Hagerman against Kootenai at 1:30 p.m. and Culesac against Cascade at 7:30 p.m. in consolation play. In the championship semi-finals, Oakley meets Genesee at 3 p.m. In what should be the feature game of the day, while Murtaugh meets Roberts in the semi-final nightcap.

Murtaugh, which never before has been represented in a state tournament, fell behind 4-0 to Cascade in the opening four minutes, then assumed the lead, and, except for a pair of second quarter ties, stayed there. Cascade managed to stay close in the second quarter on the shooting of Creason and Downend as those two helped Cascade erase the biggest lead of the first half of 21-14 to 24-21 at intermission.

But Murtaugh quickly sacked it up in the second half. Doug Wright hit three field goals and Bryan Ward added three points as the Red Devils pushed in front by nine points.

They had 12 points to play with going into the final period. Cascade's last attempt came with 3:07 left in the game when Colender and Creason hit quick buckets to cut the margin to 43-36. But Alan Okleberry, who hit six straight free throws in the final two minutes, got a pair from the foul line and Murtaugh was again on top.

All the other games of the first round were tight. The tightest came in the evening opener when Barrett slipped 1003 for the two points that let Roberts nip Culesac.

Buster Berrett sneaked underneath for a crumple with 20 seconds to go to lift the Roberts Mustangs to their victory over Culesac.

Roberts trailed most of the game, once by as much as 12 points mid-way through the second quarter. The Mustangs started coming back on the jump shooting of Bill Jones, and caught up at 31-31 with 3:56 minutes left in the third quarter on a rebound shot by Lynn Page.

Culesac's Darrell Abernethy led all scorers with 24 points. High for Roberts was Dan Robinson with 13, followed by Jones and Page with 12 apiece.

Genesee won 56-45 over Hagerman. Oakley battled from behind to beat Kootenai 71-61 and Roberts trimmed Culesac 48-46.

Cascade played Murtaugh in the final game of the first day of the tournament.

Zenner, top scorer of the game with 19, hit seven points in the opening minutes of the second quarter to tie it at 23. Minutes later, with Irie and Wade Hillman also hitting, Genesee pulled in front to stay until the final minutes.

Hagerman, which was out-manned on the backboards, put on a game battle against Genesee. Genesee seemed well in control when with four minutes to go Zenner hit a bucket to make it 33-44. But Thompson, Dave Glauner and Terry White got two points each in the next two minutes to cut the margin to four. After the Beatle-cut Irie missed a one-and-one free throw, Engles hit a rebound shot with 1:48 left and with 1:17 remaining Alan Boyer tied it at 53-53 from the foul line.

Hagerman regained possession of the ball with 46 seconds left and elected to play for the last shot. But with four seconds left a bad pass killed any chance it had of winning the game.

As the overtime period began, Glauner hit two free throws but from then on it was Genesee. Lineham tied it with 2:23 left and then Genesee stalled until Zenner picked up the winning bucket with 42 seconds left. Irie led it with a mean-looking crumple with five seconds left.

Oakley trailed for 28 points in the fourth quarter to overhaul Kootenai.

Kootenai, the first district champions, grabbed the lead after the tipoff and held Oakley down until 3:53 minutes remained in the game. But in the closing span Oakley hit 16 points, holding Kootenai to six.

Kootenai's biggest lead was 41-35 with 5:59 left in the third quarter.

Then Oakley, playing its worst

## Howard May Quit Major League Ball

VERO BEACH, Fla., March 13 (AP)—Towering Frank Howard, the Los Angeles Dodgers' slugger of tape measure home runs, was reported Thursday to be quitting baseball so he can spend more time with his family.

The 6-foot, 7-inch 245-pounder, regarded as the mightiest hitter in the game today, wrote a letter to Dodgers General Manager E. J. (Buz) Bavasi indicating he was through.

Later, talking to The Associated Press from his home in Green Bay, Wis., he said there's a chance he can stay in the game — if certain "personal problems" can be adjusted.

"This is a personal matter which I am not free to discuss," he told a newsmen. "I can't imagine how my letter to Mr. Bavasi leaked out."

Then he added: "As soon as I have taken care of some legalities here, I will go to Vero Beach and meet with Mr. Bavasi. He has been good enough to counsel me in the past and I hope that he will do so again. I do not even know myself what I will do. There is a possibility I might quit baseball but there's a chance I might not."

Bavasi told newsmen covering the Dodgers' spring training camp that Howard had written him, saying in part: "As you know, I have given this careful consideration and I regret to tell you I have decided to quit baseball."

"I have found that money is not the cure to all ills. I have discussed this with my family and they realize they will have to make sacrifices. But I know they will be much happier with me at home than to have me gone most of the time like I have been."

game of the season, came to life. Lloyd Adams, who hit the timely shots for Oakley all day, got four points. Kirk Woodhouse, Kent Whitey and Rich Hardy each got two in the next minute and 55 seconds as Oakley cut the margin to four points.

But Erickson steadied Kootenai with a pair of field goals and the Warriors went back in front by 10. That lead began melting rapidly as Kootenai began to run out of gas.

Woodhouse, Hardy and Adams got the points that caught Kootenai at 55-55. Then Woodhouse, Hardy and Adams got two free throws each and Hardy hit a hook shot to send Oakley bursting away.

SIGNS LINE COACH PHILADELPHIA, March 13 (AP)—Dick Evans, defensive line coach with the Cleveland Browns of the National Football League, has been signed to fill the same position with the Philadelphia Eagles. It was announced Thursday by Coach Joe Kuharich.

## SPORTS

THE EYES HAVE IT as Genesee's Skip Irie discovered just after this shot was taken during opening round action of the A-4 state tournament with Hagerman. Attempting to make the check, but giving Irie an unfriendly pat instead, is Pirate Terry White. Looking on are Alan Boyer (33) and Mike Engles (31). Genesee won 59-55 in overtime. (Times-News photo)

## Junior State Rifle Tournament Scheduled Here on Week-End

The 1964 Idaho state junior rifle championships will be conducted Saturday and Sunday at the Twin Falls Rifle and Pistol club facilities at Washington street north at the canyon.

Grant Sanborn, who again is secretary of the tournament, said the meet is open to all boys and girls who have not as yet reached their 19th birthdays.

Classifications for the tournament will be: marksman, sharpshooters, ad-

vanche sharpshooters, expert and distinguished rifleman. Sub-juniors will be classified for the restricted matches as juniors who have not reached their 15th birthday and are not classed above sharpshooters.

The sub-junior competition will be completed Saturday with the field, restricted to 40, vying at 20 shots prone and 20 shots sitting. Aggregate champions will be crowned in addition to match awards.

## Grangeville, Middleton, Post Falls and Kuna Advance in A-3 Tourney

LEWISTON, March 13 (AP)—Grangeville, Middleton, Post Falls and Kuna took first round victories Thursday in the class A-3 Idaho high school basketball tournament here. Larry Kaschmitter sparked Grangeville to a 50-48 victory over Ririe. Middleton defeated Valley 70-61, Post Falls got by Clearwater Valley 78-73 in an overtime contest and Kuna soundly put-down American Falls 66-44. Clearwater Valley and American Falls

will go in the 1:30 p.m. game Thursday with Kuna vs. Post Falls at 3 p.m. Ririe and Valley tangle at 7:30 p.m. and Middleton meets Grangeville in the final game of second round play at 9 p.m. Kaschmitter, the 6-foot, 8-inch Grangeville center hit two free throws with 23 seconds left to give the Bulldogs their slim win over Ririe, also tabbed as the Bulldogs.

Grangeville had a comfortable lead at 38-26 in the third when Kaschmitter and Ken Cree went to the sidelines to cool off from a four foul situation.

With the Grangeville main-springs out of action, Ririe roared back to a 43-42 lead, held it at 45-44 and were still fighting at 48-44. The big Grangeville center returned to the courts and coolly canned the two free throws for the last second victory.

Middleton's Vikings were in command all the way in their first round victory over Valley, also called the Vikings.

It was Middleton height that side-tracked the Valley team. The starting Middleton quintet ranged from 6-foot, 5-inches to 5-foot, 10-inches and they used their altitude to good advantage. Middleton's four scorers were driving layins and they held the Valley Vikings outside when they attempted to score.

Valley hit 15 of 64 shots for less than a 25 per cent mark while Middleton was hitting at a near 45 per cent clip from the floor—24 of 56.

Middleton's biggest lead was at 29-13 but the Valley crew closed it to within three points a couple of times.

Middleton led at the half 34-27. Big gunner for the winner was forward John Cheat with 20 while teammate Richard Blanc had 18.

Favored Post Falls had a scare from the Clearwater Valley's score. Trojan guard Bill Wittig was the playmaker and hit 4 of the 8 Post Falls free throws in the extra period to provide the winning margin.

## Jones Asks For Rematch With Clay

NEW YORK, March 13 (AP)—I beat him once and I can beat him again," top contender Doug Jones said Thursday in throwing down a formal challenge to the new heavyweight boxing champion, Cassius Clay.

"My manager, Alex Kaskowitz, and I are ready to post a bond of any denomination. I'll fight this man anytime and anywhere in the world."

"To permit another Clay-Liton farce would be the death blow to boxing," Jones said.

The 186-pound, mustachioed fighter, who dropped a disputed split decision to Clay here a year ago, recently was named the No. 1 contender for the title by the World Boxing association.

Ernie Terrell of Chicago, rated No. 2 and Sonny Liston, who lost the title to Clay by failing to come out for the seventh round last month in Miami Beach, was dropped to No. 3.

Jones, between sips of consommé and bites of chicken Americana, called Clay a "champion" and added that he really didn't believe the pride of the Black Muslims would accept his challenge.

THE OUTSIDE SHOOTING OF RON TUCKER AND THE REBOUNDING OF TOM AND DON BUTLER MADE THE DIFFERENCE IN HELPING KUNA KEEP ITS HEAVY FAVORITE'S BILLING.

MIKE WOLFFENBARGER, AMERICAN FALLS' HIGH SCORER WITH 14, FAILED TO CLOSE THE GAP ESPECIALLY IN SIDE-TRACKED THE VALLEY TEAM.

THE STARTING MIDDLETON QUINTET RANGED FROM 6-FOOT, 5-INCHES TO 5-FOOT, 10-INCHES AND THEY USED THEIR ALTITUDE TO GOOD ADVANTAGE.

MIDDLETON'S FOUR SCORERS WERE DRIVING LAYINS AND THEY HELD THE VALLEY VIKINGS OUTSIDE WHEN THEY ATTEMPTED TO SCORE.

VALLEY HIT 15 OF 64 SHOTS FOR LESS THAN A 25 PER CENT MARK WHILE MIDDLETON WAS HITTING AT A NEAR 45 PER CENT CLIP FROM THE FLOOR—24 OF 56.

MIDDLETON'S BIGGEST LEAD WAS AT 29-13 BUT THE VALLEY CREW CLOSED IT TO WITHIN THREE POINTS A COUPLE OF TIMES.

MIDDLETON LED AT THE HALF 34-27. BIG GUNNER FOR THE WINNER WAS FORWARD JOHN CHEAT WITH 20 WHILE TEAMMATE RICHARD BLANC HAD 18.

FAVORED POST FALLS HAD A SCARE FROM THE CLEARWATER VALLEY'S SCORE. TROJAN GUARD BILL WITTIG WAS THE PLAYMAKER AND HIT 4 OF THE 8 POST FALLS FREE THROWS IN THE EXTRA PERIOD TO PROVIDE THE WINNING MARGIN.

THE OUTSIDE SHOOTING OF RON TUCKER AND THE REBOUNDING OF TOM AND DON BUTLER MADE THE DIFFERENCE IN HELPING KUNA KEEP ITS HEAVY FAVORITE'S BILLING.

MIKE WOLFFENBARGER, AMERICAN FALLS' HIGH SCORER WITH 14, FAILED TO CLOSE THE GAP ESPECIALLY IN SIDE-TRACKED THE VALLEY TEAM.

# Along Fences and Canals

Harold Gooch, who lives 12 miles northwest of Shoshone, has been using the newly remodeled section of his barn and his newly installed bulk milking plant. The installation includes a water heater and double sink. Natural gas heats the rooms of the barn and the milking room was enlarged on the barn. A three-unit milker is used. The Gooch dairy herd includes 25 cows.

Two porcupines have taken up residence in the tall cottonwood trees along the lane to the Corwin Silva farm in north Shoshone. Mrs. Silva said the porcupines climb high up into the trees and stay as long as two or three days at a time. When the wind blows on the limbs they are seen swaying with the breeze. The animals first moved in around the Christmas holidays.

John Conrad, Jerome, has sold half interest in his show mare Patsy's Rose Lee, to Wayne Peterson, Twin Falls.

Wesley Pink, King Hill, trucked several head of cattle from his ranch to the Twin Falls stock sale last week.

The magpie population has been depleted by 91 since George Bear has found a way to trick the usually smart birds. The farmer, who lives seven miles north and one mile west of Richfield, has installed a slide opening in his front door, through which he shoots the magpies without their being able to see his gun. He first attracts them by bait placed in his yard.

Mr. and Mrs. Earl Gardner and family have moved from the Lamar Oakberry ranch southeast of King Hill to Hagerman where they will make their home.

Chet Thomas, Glenns Ferry, is helping with farm work at the Earl Ellis ranch and attending Glenns Ferry high school since his parents, Mr. and Mrs. Robert Kinsaid, have moved to Twin Falls. He is helping Bill Dunn who is on the ranch until Mr. and Mrs. Earl Ellis, Boise, can rent or sell their ranch.

Six-year-old Jon Hardy, Richfield, is having fun feeding the lambs which he has given to him by Don Novak. Young Novak is assisting at the Eugene Alexander ranch in the Marley area during the lambing season.

Shoveling snow away from drifted fences to keep the stock in is a sad reminder to Delmar Hardy, Richfield farmer, that this time last year he had his Lemhi wheat planted at the John Base Marley ranch, which he leases. Fortunately he planted Gaines winter wheat last fall, but recalls he had a very productive crop with the spring wheat.

George Bear was busy getting cistern water in Richfield Sunday after his road, seven miles north and one mile west, was plowed open after being closed five days. He reported both his stock pond and that of William E. (Bud) Swan were frozen over with three feet of ice. Bear had been watering his 16 head of range stock with a hose from his cistern to a washbasin. The hose was taken into the house between waterings to keep it from freezing. He reports a temperature of about -20 was recorded one night last week at his ranch.

Quayle Nebeker, north Shoshone, is recovering from a severe cut on his leg, caused when he slipped and fell on the edge of a barrel. The cut was on the right leg, just below the knee. His son-in-law, Donald Stimpson, Mountain Home, has come to do chores at the Nebeker farm.

Mr. and Mrs. Bert Carlson and Mr. and Mrs. Sam Thornton have sold their ranches after living in Tuttle for many years. The Carlsons sold to Mr. and Mrs. J. Forest Weaver, Wendell, and have moved temporarily to the tenant house on the ranch of Mr. and Mrs. Ron Koldewey. Mr. and Mrs. Gerard Lutmer and family, Wendell, have leased the property. The Carlsons owned the ranch for 12 years. Mr. and Mrs. Thornton have lived on their ranch for 17 years and will move soon to Hagerman into their house. The recently remodeled Thornton will continue his carpentry job.

## Payments to Minidoka Area Farmers for Sugar Listed

REPORT, March 13—Farmers of Minidoka county were paid \$1,068,832 under the government sugar program last year, George Abo, agriculture stabilization committee chairman, reports. The sugar program is administered locally by the ABO county committee.

Abo said this was the first time payments under the sugar act have exceeded the million dollar mark in the county. He pointed out that these payments are made by the government directly to sugar beet producers and are in addition to purchase payments by sugar companies to producers.

Sugar beets were grown on 32 farms in 1963. A total of 64,163 tons of beets were harvested from 21,959.2 acres. The government payments alone amounted to more than \$50 per acre harvested on an average of \$2,084 per farm. The average acreage per farm was 412.5. Abo also pointed out that the trend is toward fewer producers and larger acreages.

In 1963, the average sugar beet acreage per farm was 34.5 on 578 farms, a total of 334,544.4 tons were harvested from 19,968.9 acres.

Sugar supplies are closely regulated by a system of quotas fixed by law and implemented by the secretary of agriculture. The program is financed by a tax of about one-half cent per pound on all domestically manufactured sugar and all imported sugar, Abo said.

The tax levied on the sugar covers all costs of the program, including payments to the farmers, and produces a surplus for the U.S. treasury.

Payments to producers are computed at the rate of 80 cents per 100 pounds of sugar (raw value). Beets in this district yield about three sacks of sugar per ton of beets.

The sugar recovery rate varies from year to year, depending

on the sugar content of the beets. For 1963 the rate was figured at 308.5 pounds of sugar per ton of beets. The payments are conditioned upon producers paying minimum wage rates to hired workers. Employment of children under 14 years of age is also restricted under the program.

For example, he demonstrated that steel will burn by igniting a piece of steel wool. By using a sloping metal trough he showed that gasoline vapors travel downward and could be ignited by a flame several feet away.

Oglesby and his box of tricks moved through all the common fire hazards found in most homes. He covered electrical safety as well as fire safety.

The tricks or demonstrations representing common household mistakes backed up his contention that fires are caused, and don't just happen.

"Three things cause fires," said Oglesby, "men, women and children."

The safety representative told those in attendance that concentrated efforts to reduce accidents do pay off. He illustrated by quoting figures in towns where there have been efforts to promote fire safety.

The clinic was sponsored by this extension service.

Olan Genn, Twin Falls county assistant agent, said, "We feel very fortunate to have had a man of Oglesby's caliber to present his show in Twin Falls. Twin Falls was one of two places where demonstrations by Oglesby were presented in Idaho."

T.F. Team Wins

JEROME, March 13—The Twin Falls high school Future Farmers of America parliamentary procedure drill team, captained by Karl Kleinkopf, won first place in the area parliamentary procedure contest held here this week.

Second place honors went to Shoshone high school while Burley high school won third.

Judges for the contest were Norman Kesler, Lester Jackson and Bruce Proman.

SPERMATOPHYTES IN the field of soil conservation discuss new trends in soil and water management. A special one-day meeting of Magic Valley units of the soil conservation service was held at the Idaho Power company auditorium. From left are Harold Hansen, area soil scientist; Boyd Price, area range conservationist; Forest Closser, area conservationist; and Luther Jones, state soil conservationist. (Times-News photo)

## Radiation Eliminates Spoilage

WASHINGTON, March 13 (UPI)—A new technique involving radiation treatment may eliminate spoilage losses during the normal marketing life of strawberries.

The method, developed by University of California scientists, using carefully controlled gamma rays, also looks promising for extending other fresh fruits which are picked ripe to capture the peak of flavor.

Two scientists at the department of pomology at the University of California at Davis report that a limited dose of gamma rays, applied to certain fruits at the right stage of ripeness, can retard spoilage organisms with no noticeable damage to the product. The rays affect the fruit the least when it is ripest.

## Wheat Plan Approved by Grange Chief

WASHINGTON, March 13 (UPI)—Herchel D. Newsum, National Grange master, told newsmen here there seems little doubt that new wheat legislation will follow the basic outline which he said the Grange has been advocating for 35 years.

A house agriculture subcommittee has approved a bill which follows this policy. It splits farmers' wheat price supports into two segments: part in the form of price support loans underwritten by the government, and part in the form of marketing certificates to be paid for eventually by consumers.

The subcommittee bill would offer farmers who comply voluntarily with production controls—overall price support of \$5 per bushel on wheat used for food in the United States and \$1.55 on wheat for export.

In each case, the support would include a \$1.20 support loan plus a marketing certificate worth 70 cents a bushel for domestic wheat and 25 cents a bushel on exports.

## Season Ends

Amalgamated Sugar company plant manager Robert Day announces that the company will suspend operations sometime Saturday.

The end of the campaign marks the end of the longest season for the company. Normally the season ends in February.

## Reed Lewis Takes Herd Honors in Production

RUPERT, March 13 — Holsteins owned by Reed Lewis took herd production honors and had one cow in third place in the individual competition for the Dairy Herd Improvement association unit one in Minidoka county during February, according to unit supervisor Fred Tolman.

Louis Bott and sons claimed the top individual producer for the month.

The Lewis herd produced averages of 1,159 pounds of milk and 42 pounds of butterfat per cow. Bott's Mary produced 81 pounds of butterfat from 1,800 pounds of milk at a 5.7 test. While Rose, owned by J. O. Flood, was second with 90 pounds and the Lewis cow was third with 82.

According to Tolman, 282 fresh cows from 12 herds tested in the unit produced totals of 260,630 pounds of milk and 10,630 pounds of butterfat for averages of 730 pounds of milk and 28.4 pounds of butterfat per cow.

## Herd at Filer Is Classified

FILER, March 13—According to Ray Schooley, secretary, American Milking Shorthorn society, some registered milking Shorthorns in the herd of R. W. Schlichter, have recently been classified for breed type.

The animals were scored by Stanley K. Smith, Bosman, Mont., an official classifier for the society.

Ten head were classified as follows: Three excellent; and seven very good.

## Area Conservationists Attend Special Meeting

Unit conservationists from throughout Magic Valley attended a special one-day session at the Idaho Power company auditorium to discuss changes in soil conservation practices.

According to Forest Closser, area conservationist, the sessions are held periodically to update the program and keep unit conservationists advised of new changes and trends. The sessions also furnish the unit conservationist an opportunity to present unusual problems before the group.

Trends in conservation or practices in the experimental stage by unit operators can be discussed. Sometimes the program needs to be updated, said Closser.

On hand for the meeting and participating in the discussions were Boyd Price, area range conservationist; Harold Hansen, area soil scientist and Luther Jones, state soil conservationist.

The men discussed their individual parts in the over-all program of soil conservation for the area. Attending the session were unit conservationists from the Twin Falls, Balanced Rock, Wood River, Gooding, Northside, Minidoka, Waiilat, East Cassia, West Cassia and Blaine conservation districts.

## U.S. Top Exporter

WASHINGTON, March 13 — The United States is the world's largest exporter of agricultural

products, with a total of \$1.5 billion across of our farm production being shipped abroad. About \$1 billion dollars in farm products was exported in 1963, and the foreign agricultural service.

LACRANDE, Ore. William Duff, Adams, elected president of the Oregon Association of Farm Officers highlighted the state's annual meeting here.

# HENRY'S FARM SALES

## FOR FAST SERVICE ON TOP-QUALITY BULK FERTILIZER

When planning your fertilizer program, remember—we can save you time and effort! Let us fill your fertilizer needs fast, with our top-quality bulk.

**MAKE USE OF OUR EXPERIENCE** With our local knowledge of local conditions, we can offer you:

- Fertilizer programming for your particular crops and soil
- Experienced technical advice.

### TO HELP YOU

In bulk or blends we use

### ELEPHANT BRAND

to give you these important benefits:

- uniformly-sized pellets—even rate of application
- free-flowing—no clogged equipment
- water solubility—all plant food readily available to your crops
- high analysis—more plant food per ton
- a quality product—more value for your fertilizer dollar

### ORDER CUSTOM BLENDING FOR YOUR SPECIAL NEEDS

We can blend combinations of nitrogen, ammonium phosphate and other plant foods according to your needs, in the ratios you want. No delays! See us for top-quality fertilizer... fast, dependable service.

# FARMERS! ORDER the MELROE Harroweeder

### NOW AVAILABLE WITH 3-POINT HITCH

Includes all of the features that make MELROE HARROWEEDER the most modern, efficient tool for preparing seed beds, weeding and cultivating row crops...

- PLUS: ★ EASY FOLD UP FOR TRANSPORTING
- ★ CONTROLLED PENETRATION FOR CULTIVATION
- ★ THE RIGHT SIZE FOR ALL FARMS
- ★ IMPROVED MANEUVERABILITY

Whether you work a lot of acres—or just a few, you'll find plenty of jobs for the MELROE HARROWEEDER — preparing seed beds, weeding and cultivating row crops. Whatever the size and model MELROE HARROWEEDER you buy, you can be sure that it has been tested and proven outstanding in a wide variety of crops and soil conditions. Also, every model MELROE HARROWEEDER carries the same guarantee for durability and rugged dependability.

Why MELROE teeth are better: Every model MELROE HARROWEEDER features the famous electro-tempered spring steel teeth mounted on MELROE'S patented U-bar frame. Not only are MELROE teeth stronger, but their greater flexibility means you will cover the entire field completely and thoroughly.

## U.S. Buys Fewer Dairy Items in '63

WASHINGTON, March 13 (AP)—The department of agriculture said the government's dairy purchase support program during calendar year 1963 was smaller than for the 1962 calendar year. The reduced purchases reflected the larger consumption of milk and cream in the United States and increased commercial exports of non-fat dry milk under the payment-in-kind program.

Total purchases for 1963 amounted to 307.5 million pounds of butter, 119.8 million pounds of cheese, and 308.8 million pounds of non-fat dry milk. Purchases for 1962 were 303.3 million pounds of butter, 202.9 million pounds of cheese, and about 1.3 billion pounds of non-fat dry milk. The department said government-owned stocks of dairy products decreased substantially during 1963. This resulted from larger purchases, larger commercial export sales of butter and non-fat dry milk, and increased use of government stocks in domestic school lunch and welfare programs, and under the food for peace program.

## ERS Predicts Food Dollar Will Shrink

WASHINGTON, March 13 (AP)—The economic research service predicts the percentage of total income Americans spend for food in 1964 will be slightly smaller than in 1963. The reason for this, according to ERS, is that incomes probably will rise faster than food expenditures. Last year only about 19 per cent of total income was spent for food. This was a fraction less than in 1962, but much lower than the 26 per cent spent in the year 1940.

ERS said that Americans spent about 74 billion dollars for food in 1962, including meals eaten away from home. Last year, with increased consumer income and a growing population, the food bill was about 76 billion dollars. ERS said this excluded money spent for alcoholic beverages.

Total meat consumption per capita in 1964 is expected to remain about equal to that of 1963. The beef consumption of 1963 probably will be exceeded. ERS said pork consumption in 1964 will be slightly lower than in 1963.

**Em Cows Listed in Record Books**  
SPRINGFIELD, Mo., March 13 (AP)—The latest volume of the official American Milking Short-horn yearbook, just published, lists the following Idaho milking short-horn as state champion: a butterfat producer in its respective age classes: Em Hill Lady is milk champion in the mature class with production of 11,130 pounds of milk and 361 pounds of butterfat.

Her owners are Sues brothers, Gooding, Butterfat champion in this class is Black Canyon Moonbeam 2d, owned by Everett and Winston Sperry, Caldwell, with a production of 10,523 pounds of milk and 466 pounds of butterfat.

## Cow Falls

KING HILL, March 13—Mr. and Mrs. John Davis had a freak accident at their ranch southeast of town this week. One of their black Angus cows fell into a 14-foot cistern which had six feet of water in it.

"They pumped out the water and then filled the cistern with 98 bales of hay so the cow could crawl out without help. The cow is with calf and the Davises were especially anxious to get her out safely. They report she did not break any bones and does not appear to have been injured by the fall."

milk and 361 pounds of butterfat.

## Kelly Jackson Wins Area FFA Public Speaking Event

JEROME, March 13—Kelly Jackson, Jerome high school Future Farmers of America senior, won the area public speaking contest held here this week.

Jackson, speaking on "Farming heritage," nosed out Darwin Yoder, Filer, who placed second, and Joe Koch, Burley, the third place winner.

In announcing the decision, the judges noted that only 10 points separated the first place winner from the third place winner. The contest, one of the closest in years, also was a split decision.

For Jackson, the contest was a comeback effort. A year ago Jackson won the area contest, but was over on his time allotment and had to take a point penalty which dropped him into second place.

Judges for the contest were Edward Griggs, Lester Jackson and Bruce Proman.

Yoder's topic concerned Idaho water resources and Koch's subject was manpower.

Trophies for the three speakers were furnished by Theisen Motors, Inc., Twin Falls. Jackson now will represent the area at the state public speaking contest which will be held during the state FFA convention in Idaho Falls later this month.

State FFA public speaking winners then compete in a regional contest, with the regional winners competing in the national finals at the national convention held each year at Kansas City.

**FARMS HAVE VALUE**  
WASHINGTON, March 13—Agricultural assets in the United States amount to 214 billion dollars and are equal to about three-fifths of all corporate stocks on the New York Stock exchange.

**TINES ABSORB PUNISHMENT**  
NEW HOLLAND, Pa., March 13—Rubber-mounted rake tines can absorb up to 20 times more punishment than heavy-duty steel tines, say New Holland engineers.

## Minidoka Weed Supervisor Urges Using Clean Seed

RUPERT, March 13—Dennis Morrison, county weed supervisor, urges all area farmers to combat weed seed problems for the coming year.

He stressed that spring is the best time for local residents to play their efforts for weed control.

Morrison explained a survey completed in one Idaho county in 1963 showed that eight different samples contained seed of perennial noxious weeds. 30 samples contained wild oats and 88 contained common weeds. The number of weed seeds per pound found in one sample was 8,928. One wheat sample contained 15,564 seeds of other crops per pound.

The official pointed out figures are meaningless unless one realizes a maximum yield of a

high quality crop can result only from having a good stand of the crop planted. The stand can only be possible if the crop is relatively free from competition by weeds.

Dennison also explained weed seeds are present in most soils in large numbers, but added that one can't justify or excuse adding more. He called for the use of chemicals to combat the weeds.

According to the weed supervisor, farmers should do a much better job of controlling weeds, insects and other pests because of the improved chemical facilities now available. He reported in 1963 there were approximately 38 fungicides, 14 herbicides and 50 insecticides available for use on the farm.

Today, farmers have a choice of 45 fungicides, well over 100 herbicides and over 250 insecticides. He stressed that developments have provided an effective and economical array of chemicals to protect crops from weeds.

## Turkey Crop Will Yield More Birds

WASHINGTON, March 13 (AP)—The crop reporting board predicts the 1964 turkey crop will total about 97 million birds, up four per cent from the 93.4 million birds raised in 1963.

The board said growers intended to increase heavy breeds four per cent with heavy whites up 13 per cent and other heavy breeds down two per cent. An increase of six per cent for light breeds is planned.

The increased production of turkeys is planned for all regions—20 per cent in the South Central states, seven per cent in the South Atlantic, two per cent in the North Atlantic and East North Central, and one per cent in the West North Central and Western states.

Heavy breeds in 1964 are expected to total 86.8 million birds, while lighter breeds total 10.2 million birds.

The agriculture department estimated civilian per capita consumption of turkey in 1963 at 6.7 pounds, down from 7.1 pounds in 1962 and the record 7.8 pounds in 1961.

## Restoration of Farm Machinery Is Part of Accelerated FFA Program

GOODING, March 13 — This year the Gooding Future Farmers of America chapter beefed up its machinery repair and paint projects by tackling some rather large projects.

Some phase of repair and painting usually is taught to the students. However, this year instructor Charles Clark decided to put a little more stress on the program.

The accelerated program means that when a piece of machinery is repaired and repainted, it is restored fully. Even the factory decals are replaced on the machines.

Thus far the Gooding FFA chapter has restored two stock trailers, two pickup trucks, one hay baler, and three tractors. Another tractor will be finished soon.

All equipment for restoration is cleared with the students, his parents and the vocational agriculture department, as considerable time and effort is devoted to the program.

Expenses covering new parts and other costs are agreed upon before work is started.

The chapter did become involved financially in one project—the restoration of a 1957 Chevrolet truck. The truck was purchased as government surplus property at Boise for \$100.

Then several students began working on restoration of the truck. This involved complete overhaul of the motor, re-upholstering the interior, replacement of faulty wiring and finally a coat of paint.

The pickup truck will be used by the chapter for summer project travels and other chores. Field trips can be taken in the truck and it can be used to transport livestock projects back and forth.

To master restoration of machinery requires study in welding—all phases and all positions. Then the student graduates to motor repair.

The student also learns another phase of the operation of farm machinery. He learns that good maintenance can reduce the overall expense of running a farm. A minor repair made now can eliminate a major repair later, or at a time when the machine is in critical need. Often this is on the spot repair, where the shutdown is only for a few hours.

By repairing machinery a student also gains an insight into the "feel" of the various machines. He can note the improvement and trends the various farm equipment—the machine's offer.

According to Clark, it will pay out on the land a more efficient farmer—a farmer who can match the competition of the future.

Cash is the most important tool of the modern agriculturist, and cash from LAND BANK LOANS is getting things done every day for knowing Northwest ranchers and farmers. LAND BANK LOANS are being used to buy new and more efficient equipment; to buy land and livestock; to install

## Crop Board Reports Drop In Storage

WASHINGTON, March 13 (UPI)—The crop reporting board estimated the total capacity of off-farm commercial grain storage in the United States on Jan. 1 at 8,455,000,000 bushels.

This represents a decline of 18 million bushels during 1962 and a break in the upward trend in storage capacity which continued at a rapid rate until a leveling off period in 1962.

During 1963, a net loss of off-farm grain storage capacity occurred in all regions except the South Atlantic area.

Texas leads in grain storage capacity with space for 910 million bushels. Kansas is next with a capacity of 851.2 million bushels.

## Totals Given On U.S. Food Donations

WASHINGTON, March 13 (UPI)—The agriculture department said the government's domestic food donations in the first half of fiscal 1964 (July-December, 1963) totaled 957 million pounds and was valued at about 162.1 million dollars.

The foods were distributed to 17.6 million school children participating in the school lunch program, about 1.5 million persons in charitable institutions, and 5.6 million needy persons in family units.

The foods distributed included beans, butter, cheese, corn meal, cranberries, dried eggs, flour, honey, lard, chopped meats, non-fat dry milk, rolled oats, concentrated orange juice, peaches, peanut butter, pears, pears, pork canned in natural juices, pork and gravy, white potatoes, sweet potatoes, rice, shortening, frozen turkeys and whole wheat.

Schools received 286 million pounds of the foods during the 6 months period, an increase of 10 per cent from the same period a year earlier. The donated foods were in addition to the supplementary foods purchased by the department especially for schools in the national school lunch program.

Institutions serving needy persons received 85.6 million pounds of foods, up 10 per cent from the comparable period a year earlier.

Nearly 580 million pounds of food went to needy persons in family units during the July-December period, a drop of four per cent from a year earlier.

Donated foods are those acquired by the department in its support and surplus food activities. They are made available to the states under distribution programs of the agricultural marketing service.

## Calves Die

KING HILL, March 13 — Frank Jones took one of his dairy calves to Boise last week to have it examined at the state laboratory to see what is causing so many deaths of new-born calves in his herd.

He has lost 25 this winter. Results of the tests have not been received from the laboratory as yet.

He said whatever the cause is, it is a threat to the livestock industry here as many of the stockmen are having the same trouble. He said he hopes the laboratory will find a solution and can prescribe for the proper medication among the calves so farmers can control it.

13th.

—Friday the 13th is a good day for farmers to find horseshoes.

—Horse collars should be hung properly on Friday the 13th.

Other superstitions involve the planting of crops on Good Friday and some farmers won't irrigate sugar beets until July 4.

The authors of the above superstitions wish to remain unknown. They are not quite sure of the origin of the superstitions, but they have remembered them since childhood.

Maybe publishing them on Friday the 13th is bad luck for farmers.

LUCKY HORSESHOE is examined by Olan Genn, assistant twin falls county agent. The question in Genn's mind is, "which way is the shoe placed?" One way means the luck won't run out, and the reverse means that bad luck will fall off. (Times-News photo)

## Rural Residents Are Not Immune to Superstitions

According to Webster's dictionary, a superstition is a notion maintained in spite of evidence to the contrary; a belief, act or practice resulting from ignorance, fear of something unknown or trust in magic or chance.

Practically everyone is aware of the more popular superstitions—walking under a ladder, crossing a black cat's path or breaking a mirror.

Rural America, the farm community, is not without its own unique ideas on luck—good or bad. The horseshoe as a good luck piece is primarily a rural superstition.

Being that this week's edition of the Times-News Farm and Ranch section fell on Friday, March 13, a few of the more popular farm superstitions are listed for the amusement of the reader, or for his serious consideration.

Many of these ideas concern crops and livestock. Some of them may not be true superstitions, but are rules of thumb in farm life.

Many farm superstitions involve "old Dobbin" and as the horse has since yielded to the tractor, the superstitions have died down.

—Stepping across a wagon tongue is bad luck.

## U.S. Estimates Realized Net Income To Drop 300 Million Dollars in 1963

WASHINGTON, March 13 (UPI)—The agriculture department estimates realized net farm income for 1963 at 12.3 billion dollars, down 300 million dollars from 1962.

The estimate is about the same as that made in November at the annual agricultural outlook conference.

In a review of the general agricultural situation, the department made no mention of the November prediction that farm income for 1964 would drop to about 11.5 billion dollars. At that time, the department predicted a six per cent drop from 1963 during 1964 because of sharply reduced income from wheat and a continued rise in farm expenses.

The department emphasized that the continued decrease in the number of farms caused realized net income per farm from farming in 1963 to be about the same as the \$3,414 in 1962.

Rising income and increasing population led to more spending for food and farm products in 1963 than a year earlier, the department said. Gross income from farming operations, however, increased only slightly, about 300 million dollars.

The department's economic research service said production and marketing of farm products were higher in 1963 than in 1962, but prices received by farmers were a shade lower in 1963. An increase in prices received for crops was more than offset by a

decline of four per cent in prices received for livestock and products.

ERS said farmers' expenses for production items increased about 600 million dollars in 1963 from 1962. These higher expenses were largely a reflection of a two per cent increase in the index of prices paid by farmers.

The total quantity of resources used in agriculture last year changed little from a year earlier, ERS said.

CALIFORNIA LEADS SACRAMENTO, March 13 (UPI)—Recent figures show that California's cooperatives lead the nation in combined volume of farm co-op business. They did 1.57 billion dollars worth of business.

March 13-14, 1964 Twin Falls Times-News 13

## Suez Brothers Herd Is Rated

GOODING, March 13—According to Ray Schooley, secretary, American Milking Shorthorn society, some registered milking Shorthorns in the herd of Suez brothers, have recently been classified for breed type.

Stanley E. Smith, Bozeman, Mont., an official classifier for the society, scored the herd.

Thirteen head were classified as follows: One excellent; and 12 very good.

EGG TOTALS GIVEN WASHINGTON, March 13 (UPI)—The crop reporting board said egg production in the United States during 1963 totaled 63,210,000,000. The rate of lay was 212.9 eggs per hen.

money has changed

but a Fidelity Bank check has always been safer!

Way back in 1908, when Fidelity National Bank was organized, there were still people in Idaho who used gold dust for money. Nowadays, there are a lot of silver dollars being used. But then, as well as now, the smartest way to handle personal as well as business finances is by check. Since 1908, thousands of persons in Magic Valley have come to recognize the value of a Fidelity checking account . . . it's safer than money and provides an automatic bookkeeping and tax receipt system.

OFFICIALS AND SPEAKERS who took part in the annual meeting of the Northeast Elko soil conservation district at Cactus Pete's, Jackpot, Nev., this week are shown discussing the program as the session got under way. From left are Harvey Hale, chairman; Ivan Vickers, bureau of land management, Elko; Dr. Glen Fulcher University of Nevada, Reno; Merrill Memmott, Goodyear Tire and Rubber company, Twin Falls; Harold Harris, plant material technician, soil conservation service, Aberdeen, and Eyer H. Boies, Contact, past director and chairman. (Times-News photo)

## Neighboring Conservation District Seen as Best in Nation by Chairman

By O. A. (Gus) KELKER  
Times-News Farm Editor  
JACKPOT, Nev., March 13 — In so many words, Harvey S. Hale, chairman of the Northeast Elko soil conservation district, termed it the "best in the United States" when he reported at the annual meeting held here Tuesday at Cactus Pete's.

The annual meeting started with a luncheon at this resort center, and business sessions followed.

In addition to Hale, speakers included Dr. Glen Fulcher, chairman of the agriculture and economics departments of the University of Nevada at Reno; Harold Harris, soil conservation official at Aberdeen; and Ivan Vickers, range manager, bureau of land management, Elko.

Work accomplishment on the pilot program for 1963 and other activities were related by other speakers in a series of five-minute talks.

In his report, Hale pointed out

that the Northeast Elko district is the pilot district for the coordinated programs for public and private lands. It has been used as an example of successful operation throughout the nation.

The district supervisors are actively cooperating in the program with the soil conservation service, bureau of land management, forest service, Nevada extension service, Nevada department of conservation and natural resources and the University of Nevada.

The 33 ranching units are widely scattered over the 2,214,424 acres in the district. Privately owned land amounts to over half a million acres and 70,000 acres are in the Humboldt national forest. The remainder is national land reserve.

Hale, in his report, declared that cattle ranching is the primary industry, but that hunting, fishing and recreation is an important secondary and developing resource.

The climate is marked by a short 90 to 110-day growing season, with long, cold winters.

He also reported on the various projects undertaken by the cooperative groups.

Dr. Fulcher, who had spent two years in Paraguay, told of life and conditions in that area. He appeared in authentic costume from that nation and showed slides of the people and the country. Object of his stay there was to aid the people in agricultural and livestock methods.

Harris, from Aberdeen, discussed package management. His discussion, also accompanied by color slides, had to do with plant materials for hay, pasture and range.

Lester Agee was announced as the outstanding soil conservation district cooperator and an award was presented by Merrill Memmott, Goodyear Tire and Rubber company, Twin Falls.

The award was accepted by Dirk Agee when it was announced that the winner was unable to attend the annual meeting, being "snowed in" on his ranch.

Vickers reported that during the past few years a "very extensive" range improvement and rehabilitation program has been carried out in the district. Work will continue during the 1964 season, he said.

## Hale Elected

JACKPOT, March 13 — Harvey Hale was reelected chairman of the Northeast Elko soil conservation district at the district's annual meeting held here this week.

Others elected to the board of supervisors included Lester Agee, O'Neill basin; Horace Smith, O'Neill basin; William Gibbs, Metropolis; Dirk Agee, O'Neill basin; Clark Torrell, Wells, and H. Boies, Contact.

## Prices Dip During 1963

WASHINGTON, March 13 (UPI) — The department of agriculture said retail prices of cuts of beef declined during 1963 from high marks of late 1962 because of increased supplies of beef. Prices of the higher quality cuts in 1962, such as round steak and rib roasts, were above any year since 1952. Prices of both of these cuts dropped in early 1963, but then rose in the summer months only to decline again in the fall. Chuck roasts followed the same price pattern in 1963. But retail hamburger prices dropped early in 1963 and then held relatively constant the rest of the year.

The department said a slight rise in retail beef prices is expected in the second quarter of this year.

## Idaho Angus Group Sets Boise Sale

BOISE, March 13 — The Idaho Angus female capitol sale scheduled for March 21 at the western Idaho state fair grounds here brings much needed cattle into this area, notes Robert Morley, Eagle, sale committee chairman.

Consigned to this sale are 53 top Angus females as well as six herd sire prospects.

In addition to Morley, the sale committee members are Elroy Harden, Boise; Larry E. Moir, Idaho Falls; A. Dawson, Coeur d'Alene; Midvale, and Charles W. Allen, Burley.

"This is an excellent opportunity to pick up good foundation animals for the start of an Angus herd and for 4-H club and FFA projects," noted both Morley and Walter H. Yarbrough, Grand View, president, Idaho Angus association, who added, "The committee felt there was a definite need for a sale of this kind to make available good heifers and prospective herd sires in this area."

"Therefore, the consignors have agreed to enter animals from the top half of their herds and the best bull prospects they have, which have all been screened by a committee."

Curt Rodgers, Kansas City, Mo., will be auctioneer. The sale is sponsored by Idaho Angus association.

## YOUR BIRTHDAY and HOROSCOPE

**FRIDAY, March 13**—Born to day, you men appear to have been charged with quite different responsibilities from you women. You men will be more vigorous in seeking the outward expression of your very high ideals. You women will be more inclined to compromise. You men will be interested in science and politics. You women are more inclined to the social aspects of life, placing great stock in position, material possessions, etc.

This is not to say that neither of you have need of or appreciation for the spiritual. You do, indeed, in fact, in you women this need for the expression of your spiritual nature may present you with a bona fide conflict, for you may often find yourself wanting both the material and the spiritual at the same time. You will not be able to make your choice according to the demands of the situation.

There is no reason why you should not reach the top in your chosen profession—once you really settle down to work. The difficulty is that you probably have too many interests to start with and may take too long sorting them out to the few you can cope with. Make this process of sorting and narrowing the first business of your adult life, and you will be able to begin your climb to the top much sooner.

Among those who were born on this date are Janet Plummer, author; William Orr, inventor; Joseph Priestly, English philosopher, discoverer of oxygen.

To find what is in store for you tomorrow, select your birthday and read the corresponding paragraph. Let your birthday star be your daily guide.

**Saturday, March 14**  
**PISCES** (Feb. 20-March 20) — Facts and figures tell the tale today. Make your decisions accordingly. Make plans to enjoy a social evening.

**ARIES** (March 21-April 20) — Looks as though both business and pleasure are going to vie for your interest and attention today. Combine them advantageously.

**TAURUS** (April 21-May 21) — Don't disregard business for pleasure. Complete an important job already begun, then your conscience will be clear.

**GEMINI** (May 22-June 21) — A day in which to hold to your usual routine. Evening hours can bring romance—but you can lose a chance if you're not careful.

**CANCER** (June 22-July 23) — You can make or break your own luck this day. Act wisely and you'll prosper, do something foolish and you'll regret it.

**LEO** (July 24-Aug. 23) — If your work is concerned with keeping neat contacts and public relations flunk, this is a good day for you.

**VIRGO** (Aug. 24-Sept. 23) — Emotional matters may come to the fore right now. Don't neglect business for personal amusement or entertainment.

**LIBRA** (Sept. 24-Oct. 23) — Seek out the company of your close friends and indulge in an enjoyable social day. A week-end when Libra can relax.

**SCORPIO** (Oct. 24-Nov. 23) — Make certain that you get some real recreation today. Take time out for play and the time you give over to work will be more productive.

**SAGITTARIUS** (Nov. 23-Dec. 22) — Don't neglect important business matters even to fulfill your social obligations. First things must come first.

**CAPRICORN** (Dec. 23-Jan. 20) — Things are looking up right now. Be ready to step into the spotlight if called upon to take bows that are due you.

**AQUARIUS** (Jan. 21-Feb. 19) — A job of long standing this morning may make plans for a pleasant week-end filled with relaxing recreation.

**SATURDAY, March 14**—Born today, you in all probability have a genuine talent for music and, were you to set your mind to it, perhaps you could make a lucrative career out of your gift. It is just as likely, however, since you may have the gift but lack the depth of interest necessary to the long period of training involved, that you will indulge your talent only as an avocation, one which will bring you immense pleasure and satisfaction.

You are highly sensitive and to do your best work you must live in harmonious surroundings. You yourself are extremely likeable, and doubtless will have many admirers among your acquaintances, many of whom will become lifelong friends, loyal to your cause and devoted to your welfare. Such loyalty and devotion you will, of course, take care to repay.

You are domestically inclined. You prefer to find your entertainment, satisfaction, labor, joy, and even your sorrow within the confines of your own home. Indeed, if such is not the case, then you may never find true happiness. Remember this when you are seeking a mate. Choose one who feels as you do about home, heart and family!

Among those who were born on this date are: Albert Einstein, famed physicist; John Pulten, Polynesian painter; Mr. John, fashion designer.

To find what is in store for you tomorrow, select your birthday and read the corresponding paragraph. Let your birthday star be your daily guide.

**Sunday, March 15**  
**PISCES** (Feb. 20-March 20) — Make this a day of social contact. Forget business and relax. Being people casually is the best thing for you right now.

**ARIES** (March 21-April 20) — Seek spiritual guidance and material aid in matters of long-term planning. Act with wisdom and discretion.

**TAURUS** (April 21-May 21) —

Attend your devotional duties, then spend a day geared to mental and physical relaxation. Store up energy for the week to come.

**GEMINI** (May 22-June 21) — Take stock of matters as they stand now, then make plans for improvements both of the immediate and the long-term variety.

**CANCER** (June 22-July 23) — The wisest thing to do now is to analyze the reasons for past successes and failures. Look for some pattern.

**LEO** (July 24-Aug. 23) — Your leadership in some community activity or gathering can bring happiness to others as well as satisfaction to yourself.

**VIRGO** (Aug. 24-Sept. 23) — New ideas, new plans—even a new hat for church might bring just the sort of enthusiasm you need to bolster your spirits.

**LIBRA** (Sept. 24-Oct. 23) — Hold to your normal Sunday routine and you'll be rewarded with a most happy day. Get some real rest during late afternoon.

**SCORPIO** (Oct. 24-Nov. 23) — Examining past performances to find the real cause of present flaws in your work. With the source discovered, the remedy is easy.

**SAGITTARIUS** (Nov. 23-Dec. 22) — If you are dissatisfied with recently obtained results, go over all your recent moves and attitudes. You can improve.

**CAPRICORN** (Dec. 23-Jan. 20) — After church this morning, take time to enjoy old friends. A social gathering—planned or not—can add much to your pleasure.

**AQUARIUS** (Jan. 21-Feb. 19) — A day for spiritual renewal. Where you have problems, seek guidance. Where you have answers, seek to be of service.

## Henry Heads Valley Area Riding Club

**EDEN, March 13**—Robert Henry was reelected to the board of directors of the Valley Riding club at a general meeting held Tuesday night at the Frontier Grange hall. Henry also was named president of the riding club by the board of directors.

Others newly elected to the board were Walter Will, Eugene Knifong, Berwyn Musarman and Eugene Knifong. Retiring directors are Wayne Gross, James Grant, Omar Carter and Russell Hammond. Holdover directors are Harry Agee, Harold Smead, Robert Grant, Jr. and Elwyn Allison.

Eugene Knifong was elected vice-president, and Mrs. Bob Henry was elected secretary-treasurer.

A directors meeting will be held at the home of Mr. and Mrs. Robert Henry March 23.

A work day is planned by the riding club for next Sunday. The group plans to install more lights at the arena and also complete bucking chutes, calf roping chutes, unloading ramps and some additional fencing.

A trail ride has been scheduled for June 14. Refreshments were served by the wives of directors.

## Hearing Set On Richfield School Plans

**RICHFIELD, March 13**—Richfield school board members made plans for the public budget hearing and elected judges and a clerk for the May 5 election at the Tuesday evening meeting held at the high school office.

The budget hearing will be held at 8 p.m. to 10 p.m. at the April 14 school board meeting. Board members approved the budget at the last board meeting with Supt. F. R. Briggs reading the summary again Tuesday night.

Mrs. Retta Powell and Mrs. Marie Pope were named election judges and Mrs. Eva Sorensen clerk. Two trustees will be elected for three year terms.

Trustees whose terms expire are Bruce Sorensen, zone one, and Ralph Riley, Jr., zone five. Riley had been appointed to fill the unexpired term of Thomas Vaughn, now Wendell.

Contracts for the new school year were signed by the high school principal, Percy Christensen and Chester Maguire, Richfield and Dietrich science teacher. Other faculty contracts have not been turned in as yet.

No Easter vacation is planned for Richfield students because of missing almost two weeks of school from weather conditions.

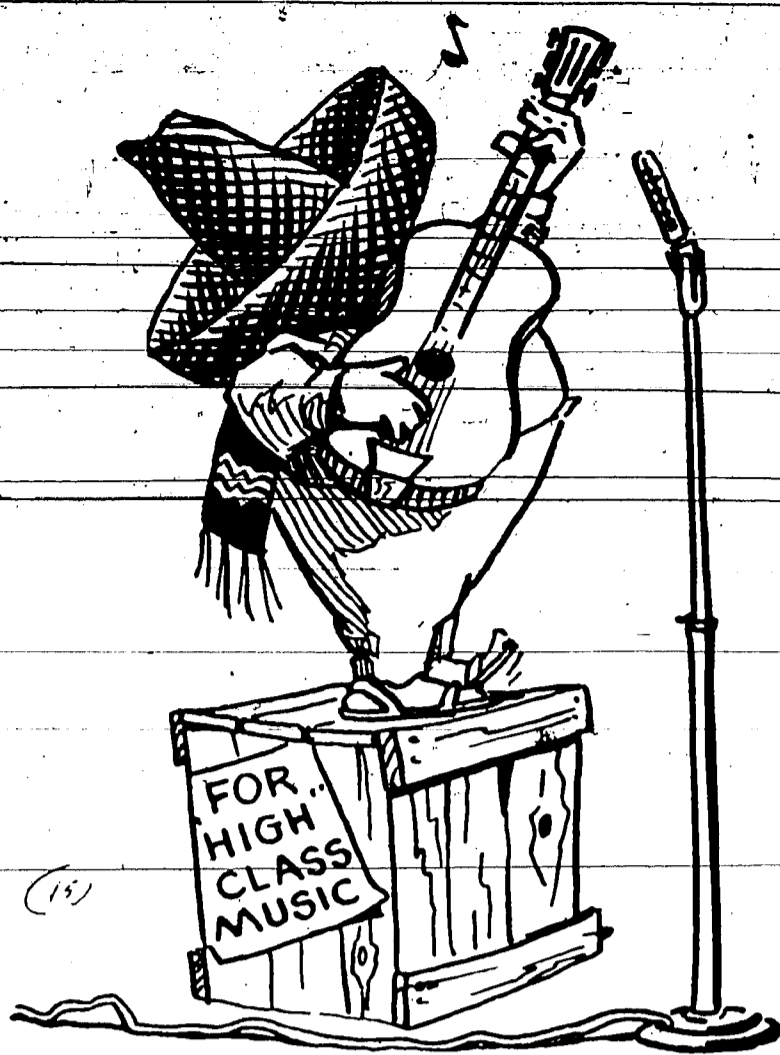

The treasurer's report by Mrs. Burt Atkins reported for the Richfield Grange on possibilities for selling the old school gymnasium and Grange hall for salvage.

Discussion of school bus road conditions concluded the meeting.

## Area Students To Be on Panel

**UNIVERSITY OF IDAHO, Moscow, March 13**—Four Magic Valley students will participate in the 18th annual University of Idaho Journalism conference here March 20-21.

Bette Jo Sweeney, Halley, and Cassie Gelsaer, Wendell, will be panelists on the topic, "What is Expected of an Editor in Chief?" Janice Scheel, Wendell, and Sylvia Freestone, Hansen, will participate in a panel on yearbooks.

## Maintenance Men Hired by Filer Board

FILER, March 13 — Raymond Herd and Wayne Kious were hired as part of the summer maintenance crew for Filer school district No. 413 at the board of trustees meeting Tuesday.

The board granted Leonard Carlee, custodian, the right to finish the fiscal year, which he reaches the age of 70 years. Trustees will meet at 8:30 a.m. on March 19 to begin their annual tour of the district. A special meeting was set for 8 p.m. March 31 to study the total budget requests of teachers.

The Fidelity National bank was authorized to charge a fee for its expenses in securing government debenture bonds for the district.

The trustees decided to continue the practice of having the budget hearing and board member election on board meeting day in May. The board's policy book was studied and revisions were made on last year's policies regarding sick leave and teachers' absences.

The agriculture program was discussed, especially the effect of recent government emphasis on vocational education. The remainder of the meeting was devoted to discussing the financial situation of the district, salary schedules and budgets.

## Ku Klux Klan Leaders Held For Threats

JACKSONVILLE, Fla., March 13 — Five officials of the Ku Klux Klan have been arrested on federal charges that they intimidated and threatened a 6-year-old Negro boy by plotting the Feb. 10 bombing of his home.

FBI agents arrested four of the leaders in the white supremacy movement in Jacksonville Thursday night. The fifth was arrested at Smyrna, Tenn., held under \$10,000 bond each.

Jack Don Harden, 25; Willie Eugene Wilson, 39, and Donald Eugene Spigal, 31, all Jacksonville, and Robert Pittman Gentry, 28, Murfreesboro, Tenn.

The FBI said the five conspired with William Sterling Rosecrans, Jr., 30, to dynamite the Jacksonville home of Mrs. Anna Gentry and her son, Donald. The FBI said Rosecrans did the bombing. No one was injured, but the house was heavily damaged. Rosecrans is being held in lieu of \$25,000 bond.

The Negro boy is the only Negro attending Lackawanna elementary school, integrated last fall by U. S. district court order.

## Last Honor Paid To Mrs. Crawford

HAGERMAN, March 13 — Funeral services for Mrs. Caroline M. Crawford, who died Monday at Phoenix, Ariz., where she and her husband were spending the winter, were held Wednesday afternoon in the Chapel of Memories, Phoenix.

Born April 26, 1887, in Mitchell, S.D., she was a member of the American Legion auxiliary, Hagerman chapter No. 78, Order of Eastern Star, Rebekah lodge No. 45 and St. James Episcopal church, Pentwater, Mich.

She had spent the past 14 winters in Phoenix. Survivors include her husband, Samuel N. Crawford, her daughter, Mrs. William Birchard, Birmingham, Mich.; one son, Alan H. Bright, near Lewand, Kans.; two brothers, seven grandchildren and two great-grandchildren.

## Ronald S. Byram Honored at Rites

GOODING, March 13 — Funeral services for Ronald S. Byram were conducted at 2 p.m. Wednesday at the Thompson chapel by the Rev. Harold Hake of the Christian church.

Larry Hobson sang two solos, accompanied by Mrs. Deloris Chealik.

Active pallbearers were Barry Thompson, Joe McKinney, Jr., Lester Diehl, Lee Claiborne, Eldon Wright and Charles Webb.

Honorary pallbearers included Everett Thompson, Milton Hill, Maurice Quigley, Joe McKinney, Sr., Elmer Meyer and Wayne Ferguson.

Military rites were conducted by American Legion post No. 30 at Elmwood cemetery.

### ATTENDS MEET

KING HILL, March 13 — Frank Jones attended the United Presbyterian presbytery meeting at Homedale Tuesday. He attended because of the illness of the Rev. R. I. Barnes, pastor.

LAURINE KUMP

MARJORIE OGATA

... six Jerome girls who will receive state homemaking degrees at the Future Homemakers of America state convention in Boise April 16-18. The girls all are active in school and church activities. They have been FHA members for at least three years. Mrs. Ralph Dunn is the Jerome FHA chapter adviser.

## 6 Jerome Girls to Receive State Homemaking Degrees

JEROME, March 13 — Six Jerome girls will receive FHA state degrees at Boise April 16-18.

They include Elaine Dryden, daughter of Mr. and Mrs. Edgar C. Dryden. She is the treasurer and program chairman of FHA. She also is a member of the drill team, Pep club, and treasurer of the senior class.

Janice Haines, daughter of Mr. and Mrs. Vic H. Haines, is a member of Pep club, FBIA vice president, first semester treasurer.

## Two Youths Will Be Named to Air Force Academy

WASHINGTON, March 13 — Two appointments, instead of one, will be available to the air force academy through Sen. Len Jordan, R., Ida.

Six youths will compete for the two appointments. Jordan said, naming them as David C. Allard, Mountain Home; Fred A. Harris, Fruitland; Larry Loveland, Rupert; Laurence P. Remakus, Boise; Thomas Lee Rich, Montpelier; and Michael G. Rowles, McCall.

## Last Honor Paid Mrs. Lesta Smith

BURLEY, March 13 — Funeral services for Mrs. Lesta Myrie Smith were held Wednesday in the Burley Methodist church by the Rev. Edward E. Dixon.

W. B. Sprague sang two selections, and Mrs. Keith Ussola was organist. The obituary was given by Duane Hansen.

## Farewell Slated For Area Pastor

WENDELL, March 13 — Arrangements for a farewell for the Rev. and Mrs. Austin G. Rugger and family have been made for 1 p.m. March 22 at the Methodist church by the Wendell congregation. A potluck dinner will be served.

Bishop A. Raymond Grant of the Portland area announces the transfer of the Rev. Mr. Rugger to the southern Iowa conference, effective April 1.

The Rev. Mr. Rugger will be appointed to be associate pastor of the First Methodist church in Newton, Ia. He came to serve the Wendell-Hagerman charge from Boise in June, 1961.

Active pallbearers were Barry Thompson, Joe McKinney, Jr., Lester Diehl, Lee Claiborne, Eldon Wright and Charles Webb.

Honorary pallbearers included Everett Thompson, Milton Hill, Maurice Quigley, Joe McKinney, Sr., Elmer Meyer and Wayne Ferguson.

Military rites were conducted by American Legion post No. 30 at Elmwood cemetery.

## Kimberly Plans Pomona Meeting

KIMBERLY, March 13 — Twin Falls County Pomona Grange will meet at 8 p.m. Saturday, in the Kimberly Grange hall, it was announced during the meeting of the Kimberly Grange this week.

Grangers passed a resolution favoring Idaho's water and other resources remaining within the state and went on record as being opposed to Bonneville power. Copies of these resolutions were sent to other Granges throughout the state, and they will be presented to the Pomona members at their Saturday meet.

Don Somers, Idaho Power representative, presented films on the fish migration conservation program at the Grand Coulee dam in Hells canyon. The Hells canyon film also showed views of road construction in the canyon.

## LEGAL ADVERTISEMENTS

3-13

"But, Mom, you didn't say to come home early... you just said it would make you feel better if I did!"

"I knew all the time she wouldn't fit in!"

"Don't laugh! I sold one to my boss for 50 bucks!"

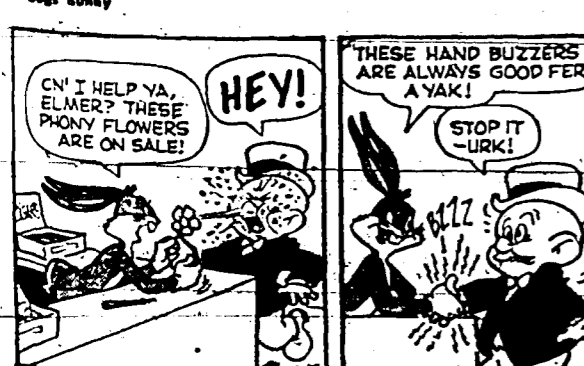

"Two of a kind"

"Sorry, Sally, haven't seen Davey all week."

"Hey! These hand buzzers are always good for a yak!"

"I only came in to use your phone... but let me see this fountain pen!"

"I know!"

"If you'd show Elwood how to make easy money, Cartoosini, he could get by if he had no good husband takes off."

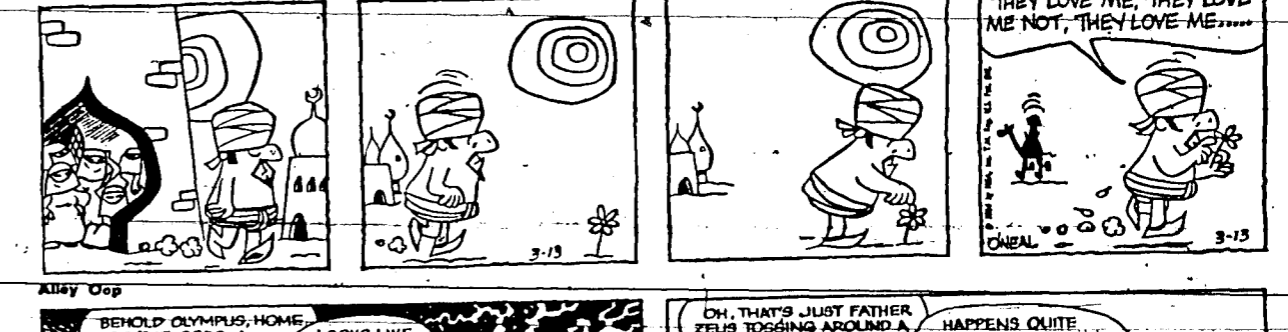

"Are you Al Croymen? I'm Lieutenant Parks."

"Wilmer, I just came by the dump! Why aren't that tramp and his mule out of there?"

"Doctor Lee's dead."

"Behold Olympus, home of the gods, a paradise above mortal ken!"

"Oh, that's just father Zeus tossing around a few thunderbolts... probably in one of his little tempers..."

"Goodnight, gentlemen! We leave the partition folded back, eh? For ventilation!"

"You'll do nothing!"

...the ... ..

## Racing Is Discussed at Kiwanis Meet

FILER, March 13—Parl-mutuel racing in Idaho was discussed by Joe Hanson, Wendell, vice president of the Horse Breeders association and president of the Race Horse association in Idaho, at the Tuesday Kiwanis luncheon meeting.

Hanson said Idaho ranks 13th in the nation in quarter-horse breeding and that breeding of horses is now a \$50,000,000 business in the state. He noted there will possibly be ticket betting in Idaho this year by grant of the horse-racing commission. Hanson was introduced by Morris Carlson, program chairman. The spring training district conference will be held March 15 at the Filer high school. A. K. Reed and Donald Smith were guests. Key club members attending included Rick Storrs, Steve Taylor, Lloyd Hardesty and Gary Dougherty.

## Youth Legislation Eyed at Grange Meet in Rupert

RUPERT, March 13—Youth legislation received attention at a public meeting held Wednesday evening at the Rupert Grange hall sponsored by the Pioneer Grange of Rupert. Guest speakers included State Sen. Rodney Hansen, of Minidoka county; State Sen. Don Loveland, of Cassia county; Probate Judge Jake Wall and Leigh Ingersoll, principal at Minico high school. Representatives of area Granges as well as law enforcement representatives heard of the need for changes and improvement in the present youth rehabilitation act.

Pioneer Grange Master John McGill outlined the stand the Grange has taken and explained this is the Grange community service project for the year. Grangers feel youngsters should be protected in first offenses but repeaters breaking the law should not be shielded from publicity and parents should be held accountable for their youngsters. The Grange master also reported the organization would like to see a 16-year age limit for obtaining a driver's license.

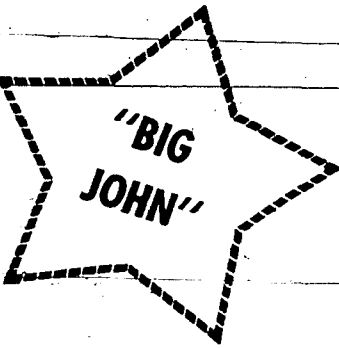

Senator Loveland said the basic responsibility should not be taken from the parents but when parents prove incapable of handling youngsters, the law must step in. The senator said broken homes are a big factor in the problem. Ingersoll pointed out that many problems at school began in the homes and the schools are blamed. He explained that in too many instances when parents were called in connection with a child, they admit being unable to do anything with them and ask for help from the school.

Judge Wall pointed out that under the present youth rehabilitation act there are no penalties or punishments. He said it is a pitiful situation when parents are willing to turn the responsibility over to the court. Senator Hansen pointed out that whenever the legislature had tried to pass a 16-year age limit for driver's license, it was usually stopped through a farm bloc. He felt if Grange organizations would work together for the 16-year age limit something could come of it.

State Grange Master Ernie Jerome outlined the history of the Grange. State Grange officials attending were Mrs. Ira Kistler, Gooding, lecturer; Ferrin G. Harland, Nampa, secretary; W. E. Adams, Eagle, executive committee chairman, and Russell Schockley, Burley, Cassia county Pomona Grange master. A short skit was presented by Mrs. Joe Avelar, Mrs. Fred Rogers, Mrs. John Klammer, Mrs. Johnny McGill, Mrs. George Sullivan and Mrs. Russell. Accompanied by Mrs. Warren Hollinger as narrator.

## Special Church Meetings Held

FILER, March 13—The first evangelistic meeting in a series at the Church of the Nazarene Thursday. The meetings will continue through March 22 and will feature gospel messages by Rev. Mr. Williams and music and Williams playing trumpet and baritone horn. The public is invited to attend the nightly meetings announced the Rev. Eldon Shields, pastor.
